

Devanshu Malhotra

Senior Software Engineer

+91 9877394966 malhotradevanshu77@gmail.com Gurugram

Summary

Experienced Software Engineer with high coding skills. I believe in analytical thinking and creative problem solving. I strive to create user friendly designs and I'll be able to apply customer service concepts to IT to improve user experience for clients, employees and administration.

Experience

Collegedunia Web Pvt. Ltd.

Senior Software Developer

Jul 2020 - present

- Use my extensive experience with front end development to define the structure and components for the project, making sure they are reusable
- Keep the code quality high reviewing code from other developers and suggesting improvements
- Interact with the designer to suggest changes and to make sure the view he has about the design is translated into actual functionality
- Keep the Project Manager and the IT Leads updated on the overall progress of the projects and manage the tasks distributed to the team.
- Keep the code and the features implemented by the other developers in accordance to the requirements.
- Member of frontend team primarily responsible for the migration, development and maintenance of collegedunia project.
- Migrated collegedunia.com to Nextjs from scratch and responsible for optimizing the code using code splitting, lazyload and webpack split chunks techniques.

ST MicroElectronics

SDE Intern

Aug 2019 - Jun 2020

- Built an enterprise automation application from scratch for higher management officials, product managers, and developers to reduce the human efforts of coordinator and various actors in tracking and identifying the component deployment status in production.
- Built an enterprise automated system to check the current status of the application to know whether it's working or not.

Awards
