**Question: 6**

Ok class today i am going to tell you about one of Picasso's greatest masterpieces Warnaco as you know Grenada is also the name of a Basque town in order to understand this picture we need to go over some of the historical background of this town, the last town is a city located in northern Spain during the Spanish civil war the German air force bombed the city was a massive aerial bombardment of the civilian population it had been since the Nazis were helping Spain's dictator Francisco Franco under the civilians were killed in the raid that shocked the world, and this prompted the council to begin painting he completed in less than two months and hung it in the Spanish pavilion at the Paris international exposition of nineteen thirty seven, banking became a timely and predictive vision of the second world war, there is a complexity of symbolism in the painting does not portray the event directly instead but also used imagery such as suffering people animals and buildings wrenched by the violence, it certainly shows the chaos of carpet bombing we can feel the inhumanity

brutality and hopelessness of war from it, but also really expresses outrage very well with his monumental painting, people say born again of the last great historical painting it is now recognized as an international icon for peace, you can also see a tapestry copy of the displayed on the wall of the united nations building in new york city, it is often described as the most important work of art in the twentieth century but its meaning is still beyond the understanding even of some of the most well-known scholars,

**According to the lecture, why do the most well-known scholars still find the meaning of the painting beyond their understanding?**

- A. Picasso completed the painting in only two months.
- B. The bombardment of Guernica was so brutal.
- C. The painting has a complexity of symbolism.
- D. The painting was made during the Second World War.

**Question: 7**

lecture and answer the questions, ok now let's talk about test and graze there will be two written tests and one oral test this semester, each written test will have forty multiple choice questions, our test will have five questions, up some of you may think the tests are too difficult with too many questions, but that is not so, matter of fact there will be a summary handout every class that semester and you study them well than the test will be very easy, and speaking about grades the written and oral test will be just a small portion of your final grade, active class participation is the most important thing to get a good grade, don't please listen to my lectures carefully and asked many questions and discussed the topic with your classmates and meet during the class it will be very good for you to prepare for each unit before class two,

**What do students have to do to get good grades?**

- A. They must study the handouts and actively participate in the class.
- B. They must get a good score on the written test.
- C. They have to study more for the oral test.
- D. Only class participation is important.

**Question: 8**

The part of a lecture and answer the questions, while many jenny smith i will be of physical geography teachers to dismiss the, m since this is your first class to i want to talk about what physical geographic kids what is physical geography, anyone have any ideas on

basically the science about the earth but differs from others in that it uses ideas from other sciences profoundly, double you'll find information from chemistry to biology climate ecology astronomy and many other sciences in physical geography doesn't sound scary actually you don't really need to worry about it, the mentally lists the geography class, so we just will use what we already know in those areas will not go into the details of the each subjects i cannot let me show you some examples tend page eleven chapter one, x-ray, one,
