

Question 1

“The desire of corporations to maximize profits creates conflict with the general welfare of the nation at large.”

Discuss the extent to which you agree or disagree with the opinion stated above. Support your views with reasons and/or examples from your own experience, observations or reading.

Question 2

Seniority (years of service) should not be the basis of employee compensation. Employees should be promoted and given raises solely on the basis of their work performance and merit. That is a better way to encourage high productivity.

Discuss the extent to which you agree or disagree with the opinion stated above. Support your views with reasons and/or examples from your own experience, observations or reading.

Question 3

“The most effective strategy for a company to use to maintain and increase profits over the long term is to maintain high ethical standards.”

Discuss the extent to which you agree or disagree with the opinion stated above. Support your views with reasons and/or examples from your own experience, observations or reading.

Question 4

“Following the September 11th attack, where the Al-Qaeda acquired bombmaking and terrorist knowledge over the internet, many lawmakers have proposed that an international body regulate the internet so that sites which provide information to terrorists could be eliminated.”

Discuss the extent to which you agree or disagree with the above opinion. Support your opinion with reasons and examples.

Question 5

“Regulators and policymakers should respond to potential environmental threats even before the information is fully known or concrete.”

How would you rate the accuracy of the above statement? Support your position with reasons and examples.
