MANAGEMENT
SLOAN SCHOOL2022-2023MANAGEMENT
SLOAN SCHOOLMBA EMPLOYMENT REPORT

Talent that transforms.

I am pleased to share the Employment Report for the **MBA Class of 2022**, which includes internship data for the **MBA Class of 2023**.

The **MBA Class of 2022** overcame unprecedented challenges to achieve exceptional results. They accepted opportunities for impact and advancement across our top industries, with **96.6%** receiving offers within three months of graduation.

The top four industries for the Class of 2022 were **Consulting** (31.2%), **Technology** (22.6%), **Finance** (22.6%), and **Healthcare/Pharma/Biotech** (6.8%). **Growth potential** was the primary reason (42.3%) graduates accepted their position.

Salaries trended upward in 2022, with the average base salary increasing 7.6% to **\$159,391**, and the median base salary increasing 10% to **\$165,000**.

Signing bonus and other forms of expected compensation were strong contributors to total employment packages. The median signing bonus was **\$30,000**. Additionally, 62% of the Class of 2022 received other compensation beyond a signing bonus. In this year's report, we feature a more detailed summary of other compensation, including that just over 25% of graduates reported stock and equity compensation, with an average value of \$121,527.

The **MBA Class of 2023** interns chose roles in **Finance** (29.2%), **Technology** (26.5%), and **Consulting** (22.2%). **Healthcare/Pharma/Biotech** (5.2%) was another key industry for internship-seeking students, rounding out the top four industries.

Sloanies seek out opportunities for impact and transformation, and found those at both wellestablished and high-growth organizations. The offers accepted by the Classes of 2022 and 2023 span **331** companies. While **49%** of students accepted positions at employers who hired three or more Sloanies; nearly **46%** of the organizations that hired Sloanies this year did so for the first time. The Classes of 2022 and 2023 accepted full-time and internship opportunities at 83 startup-level companies; and 10.3% of graduates are starting a business.

The strength of these employment outcomes reflect the dedication of our faculty, students, alumni, employers, and colleagues – our many partners across the MIT Sloan community who create a uniquely Sloan experience through world-class curriculum, learning labs, centers and initiatives, mentor programs, and professional development and networking activities. These experiences create leaders who are prepared and energized to transform the future of business. Thank you for your support!

Susan Brennan Assistant Dean, MIT Sloan Career Development Office

NONDISCRIMINATION POLICY: COMMITMENT TO EQUAL OPPORTUNITY

The Massachusetts Institute of Technology is committed to the principle of equal opportunity in education and employment. The Institute prohibits discrimination against individuals on the basis of race, color, sex, sexual orientation, gender identity, pregnancy, religion, disability, age, genetic information, veteran status, national or ethnic origin in the administration of its educational policies, admissions policies, employment policies, scholarship and loan programs, and other Institute administered programs and activities; the Institute, however, may favor US citizens or residents in admissions and financial aid.*

The Vice President for Human Resources is designated as the Institute's Equal Opportunity Officer. Inquiries concerning the Institute's policies, compliance with applicable laws, statutes, and regulations, and complaints may be directed to Ramona Allen, Vice President for Human Resources, Building NE49-5000, 617-324-5675. In addition, inquiries about Title IX (which prohibits discrimination on the basis of sex) may be directed to the Institute's Title IX coordinator, Sarah Rankin, Room W31-223, 617-324-7526, idhr@mit.edu. Information about the grievance procedures and process for discrimination and discriminatory harassment, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how MIT will respond is available at idhr.mit.edu. Inquiries about the laws and about compliance may also be directed to the US Department of Education, Office for Civil Rights, Region I, 5 Post Office Square, 8th Floor, Boston, MA 02109-3921, 617-289-0111, OCR.Boston@ed.gov.

*The ROTC programs at MIT are operated under Department of Defense (DoD) policies and regulations, and do not comply fully with MIT's policy of nondiscrimination with regard to gender identity. MIT continues to advocate for a change in DoD policies and regulations concerning gender identity, and is committed to providing alternative financial assistance under a needs-based assessment to any MIT student who loses ROTC financial aid because of these DoD policies and regulations.

ACCURACY IN REPORTING EMPLOYMENT STATISTICS

The MIT Sloan School of Management adheres to the MBA Career Services & Employer Alliance (MBA CSEA) Standards for Reporting MBA Employment Statistics (mbacsea.org). Conformance to this business school industry standard ensures accurate and comparable employment data. Currently, the majority of the leading MBA programs adhere to these accepted reporting standards. MIT Sloan takes a leadership role to promote the importance of accurate and comparable employment and salary statistics to prospective students and employers.
