Read the following paragraph and answer the questions.

Indian granite industry is in peril in the absence of a uniform policy from the state governments, despite the truth given by liberalization policies of the union government in the last two years. Compared to the remarkable progress in the field during the last three years, the absence of matching policies by state governments had put granite quarry owners and other involved in the industry on the verge of collapse in the international market. The policies differed from state to state, had created problems as far as dead rent and duration of lease were concerned.
