PROSPECTUS

**ENTRANCE EXAMINATION FOR ADMISSION
TO P.G. COURSES-2021**

STREAM-A

**Ph.D. (Clinical Psychology)/
M. Phil (Clinical Psychology)**

1. CENTRAL INSTITUTE OF PSYCHIATRY

In 1918 this Institute was established by the British for European patients. Right from its inception it has been a center of excellence and a model institution. CIP has been a pioneer in Indian Psychiatry. It has an incredible first in almost every field of mental health in this country. In the year 1922 when postgraduate education in medical field was almost unheard of, this center was recognized for the degree of DPM under London University. To maintain a meticulous and detailed case record of every patient right from beginning had been its tradition. The Occupational Therapy thought to be an essential component of treatment in any hospital now a days, was started in CIP it in 1923. The Occupational Therapy Department was the first of its kind not only in India but also in entire south-east Asia. The first departments of Electroencephalography and Clinical Psychology were established here in 1948. Not many people know that Neurosurgery practically started here in 1947. A full-fledged Neuropathology section was established in 1952 and a Neuroradiology department in 1955. The list is long and comprehensive.

INPATIENT CARE: Sophisticated facilities for various kinds of investigations are available. Latest medicines, good food, plenty of regular exercise, yoga, religious discourses, music, entertainment, a library each for male & female patients and a canteen are there in CIP. A unique feature of the hospital is its open space and patients are free to roam around anywhere within the boundary wall. Unlike other mental hospitals which were custodial with closed wards, this hospital has always been an open hospital.

REHABILITATION: Rehabilitation is a major concern in a psychiatric facility. CIP has gone beyond the conventional trades available in such facilities. It has renovated its press with modern equipment and various new machines have been added for reprography, book binding, file making, stationery etc.

INFRASTRUCTURE: Spread over 211 acres, the Institute boasts for having a perfect mixture of colonial and modern architecture. The Institute is networked with fibre-optic cables, there is custom-made software for various needs and there exists 100 mbps NKN (National Knowledge Network) provided by National Informatics Centre, New Delhi, 10x2 MBPS leased line (BSNL & RAILTEL) and 2 MBPS broad band (Multi User) for internet connectivity. All departments, wards and labs are connected through a network. The Institute maintains 210 bedded hostels.

LABORATORIES: Various kinds of labs doing a wide range of sensitive and sophisticated tests are available. There is a 192 channels EEG system to study the intricacies of brain mechanisms, a 256 channels cognitive evoked potential unit, an EEG video monitoring system, a state of art Brain Stimulation Laboratory, Cranial Doppler systems, Colour Doppler, 16 slices spiral CT Scanner, 3T fMRI and a sophisticated neuropsychology laboratory. The Pathology & Biochemistry departments have latest equipment for various hematological, biochemical, immunological, and microbiological tests. Every year more than 150,000 tests are conducted in this department.

TRAINING PROGRAM: Affiliated to Ranchi University, Ranchi, the training programmes are of high quality. Almost all the seats remain full. Professionals trained here are in demand in foreign lands and they make a name for themselves wherever they go. We strive to train not only competent professional but future leaders in their respective fields. Following are the details of courses offered by this Institute:-

PG Course	Year of starting	No. of seats*
1. Ph.D (Clinical Psychology)	1983	4
2. M. Phil in Clinical Psychology	1962/1985	16
3. M. Phil In Psychiatric Social Work	1970/1985	12
4. Diploma in Psychiatric Nursing (DPN)	1983	15

*Seats may vary at any time

RESEARCH: Research in mental health is an important task. CIP publishes 40-50 research papers a year in various national and international journals. We have also to our credit many books and periodicals. Various intramural and extramural research projects are being run at the Institute.

AWARENESS PROGRAMME: In recent days a major pre-occupation of CIP has been to spread awareness regarding mental health, reduction of stigma and discrimination against mentally ill, to further the human rights and opportunities to mentally ill, networking with NGOs, strengthening community outreach programmes,

improving patient care, innovative rehabilitation programmes, improving the infrastructure of the Institute, establishing various kinds of labs and acquiring technologies, organizing research programmes, and adding excellence to its training programmes. We have a toll-free Telephone Helpline (1800-345-1849) and e-mail facility for people to reach us. We conduct various awareness programmes in schools, colleges and we have a regular School Mental Health programme. We outreach in the community and organize Rural Camps to identify and treat cases of mental illness, epilepsy and disability.
