

DU MSc Anthropology

Topic:- DU_J18_MSC_ANTHRO

1) Increased labour investment in agriculture with no increase in per capita productivity is called as

[Question ID = 18814]

1. Agricultural recession [Option ID = 45250]
2. Agricultural stagnation [Option ID = 45247]
3. Agricultural relegation [Option ID = 45248]
4. Agricultural involution [Option ID = 45249]

Correct Answer :-

- Agricultural involution [Option ID = 45249]

2) Which of the following is a hominid?

[Question ID = 18857]

1. Chimpanzee [Option ID = 45421]
2. Human [Option ID = 45422]
3. Macaque [Option ID = 45419]
4. Baboon [Option ID = 45420]

Correct Answer :-

- Human [Option ID = 45422]

3) Which rule says that the best suited human body for a hot, tropical region would be one with long limbs and short trunk?

[Question ID = 18827]

1. Allen's rule [Option ID = 45299]
2. Thompson's rule [Option ID = 45302]
3. Gloger's rule [Option ID = 45301]
4. Bergman's rule [Option ID = 45300]

Correct Answer :-

- Allen's rule [Option ID = 45299]

4) Which Australopithecus fossil was nicknamed as Lucy?

[Question ID = 18867]

1. Australopithecus africanus [Option ID = 45459]
2. Australopithecus afarensis [Option ID = 45462]
3. Australopithecus anamensis [Option ID = 45460]
4. Australopithecus robustus [Option ID = 45461]

Correct Answer :-

- Australopithecus afarensis [Option ID = 45462]

5) Which among the following does not constitute the elementary form of exchange?

[Question ID = 18820]

1. Exchange of goods [Option ID = 45274]
2. Exchange of women [Option ID = 45271]
3. Exchange of money [Option ID = 45272]
4. Exchange of messages [Option ID = 45273]

Correct Answer :-

- Exchange of goods [Option ID = 45274]

6) Which prehistoric site is known as Mode I Industry?

[Question ID = 18835]

1. Pirro Nord [Option ID = 45333]
2. Hunsgi [Option ID = 45331]
3. Tautavel [Option ID = 45332]
4. Somme valley [Option ID = 45334]

Correct Answer :-

- Pirro Nord [Option ID = 45333]

7) Any quantitative increase in body size is known as [Question ID = 18788]

1. Development [Option ID = 45144]
2. Maturation [Option ID = 45146]
3. Differentiation [Option ID = 45145]
4. Growth [Option ID = 45143]

Correct Answer :-

- Growth [Option ID = 45143]

8) The highest point on the head is known as [Question ID = 18807]

1. Opisthocranium [Option ID = 45222]
2. Bregma [Option ID = 45220]
3. Vertex [Option ID = 45221]
4. Lambda [Option ID = 45219]

Correct Answer :-

- Vertex [Option ID = 45221]

9) Autosomes are

[Question ID = 18826]

1. Normal sex chromosomes [Option ID = 45296]
2. Abnormal sex chromosomes [Option ID = 45298]
3. Abnormal chromosomes [Option ID = 45297]
4. All chromosomes other than the sex chromosomes [Option ID = 45295]

Correct Answer :-

- All chromosomes other than the sex chromosomes [Option ID = 45295]

10) "Puberty spurt" occurs in which one of the following stages of human growth [Question ID = 18798]

1. Infancy [Option ID = 45183]
2. Childhood [Option ID = 45185]
3. Adolescence [Option ID = 45186]
4. Adulthood [Option ID = 45184]

Correct Answer :-

- Adolescence [Option ID = 45186]

11) Potlatch is associated with [Question ID = 18802]

1. Iroquois [Option ID = 45201]
2. Kwakiutl [Option ID = 45199]
3. Shoshonean [Option ID = 45202]
4. Arapesh [Option ID = 45200]

Correct Answer :-

- Kwakiutl [Option ID = 45199]

12) Oldowan culture is dominated by

[Question ID = 18824]

1. Blade tools [Option ID = 45288]
2. Flake tools [Option ID = 45289]

3. Pebble tools [Option ID = 45287]
4. Microlithic tools [Option ID = 45290]

Correct Answer :-

- Pebble tools [Option ID = 45287]

13) A higher fortified part of a city is called

[Question ID = 18823]

1. metropolis [Option ID = 45284]
2. megapolis [Option ID = 45285]
3. acropolis [Option ID = 45283]
4. necropolis [Option ID = 45286]

Correct Answer :-

- acropolis [Option ID = 45283]

14) Yale Cambridge expedition to the Sohan Valley was led by

[Question ID = 18795]

1. R. B. Foote and V.D. Krishnaswamy [Option ID = 45171]
2. G. R. Sharma and V.D. Mishra [Option ID = 45174]
3. H. D. Sankalia and B. Subba Rao [Option ID = 45173]
4. H. De. Terra and T. T. Paterson [Option ID = 45172]

Correct Answer :-

- H. De. Terra and T. T. Paterson [Option ID = 45172]

15) Two nuclear families in adjacent generations with one son/husband or daughter/wife who is a member of both the families is called a

[Question ID = 18870]

1. lineal family [Option ID = 45471]
2. supplemented nuclear family [Option ID = 45474]
3. stem family [Option ID = 45473]
4. compound family [Option ID = 45472]

Correct Answer :-

- stem family [Option ID = 45473]

16) The lack, excess or imbalance of nutrients in the diet leading to ill health is known as [Question ID = 18790]

1. Malnutrition [Option ID = 45153]
2. Over nutrition [Option ID = 45151]
3. Under nutrition [Option ID = 45152]
4. Marasmus [Option ID = 45154]

Correct Answer :-

- Malnutrition [Option ID = 45153]

17) Holocene starts around

[Question ID = 18834]

1. 20,000 B.P. [Option ID = 45329]
2. 12,000 B.P. [Option ID = 45328]
3. 14,000 B.P. [Option ID = 45330]
4. 10,000 B.P. [Option ID = 45327]

Correct Answer :-

- 10,000 B.P. [Option ID = 45327]

18) According to Levi-Strauss which of the following constitute one of the 'atoms of kinship' relationship?

[Question ID = 18879]

1. mother-son [Option ID = 45507]
2. mother-daughter [Option ID = 45508]
3. father-son [Option ID = 45509]
4. father-daughter [Option ID = 45510]

Correct Answer :-

- mother-son [Option ID = 45507]

19) A karyotype is a:

[Question ID = 18819]

1. Picture of an individual's chromosomes arranged in a standardized way [Option ID = 45269]
2. Type of abnormal chromosome that is associated with Down's syndrome [Option ID = 45268]
3. General term for any type of chromosome [Option ID = 45267]
4. General term for sex chromosome [Option ID = 45270]

Correct Answer :-

- Picture of an individual's chromosomes arranged in a standardized way [Option ID = 45269]

20) Theodicy is an

[Question ID = 18882]

1. attempt to explain theocracy [Option ID = 45521]
2. attempt to explain good [Option ID = 45519]
3. attempt to explain evil [Option ID = 45520]
4. attempt to explain lie and deceit [Option ID = 45522]

Correct Answer :-

- attempt to explain evil [Option ID = 45520]

21) The word "Somatotype" was coined by [Question ID = 18797]

1. Faulkner [Option ID = 45182]
2. Sheldon [Option ID = 45180]
3. Parnell [Option ID = 45181]
4. Heath and Carter [Option ID = 45179]

Correct Answer :-

- Heath and Carter [Option ID = 45179]

22) Substantivism as an approach in economic anthropology was given by

[Question ID = 18853]

1. A. L. Kroeber [Option ID = 45406]
2. Karl Polanyi [Option ID = 45405]
3. Oscar Lewis [Option ID = 45403]
4. Robert Redfield [Option ID = 62620]

Correct Answer :-

- Karl Polanyi [Option ID = 45405]

23) "Genetics and the Origin of Species" was written by :

[Question ID = 18859]

1. Thomas Malthus. [Option ID = 45430]
2. Theodosius Dobzhansky [Option ID = 45428]
3. Charles Darwin [Option ID = 45427]
4. T. H. Morgan [Option ID = 45429]

Correct Answer :-

- Theodosius Dobzhansky [Option ID = 45428]

24) The ability of the living organisms to survive in a particular ecological set up is called [Question ID = 18809]

1. Acclimation [Option ID = 45228]
2. Acclimatisation [Option ID = 45229]
3. Adaptation [Option ID = 45227]
4. Selection [Option ID = 45230]

Correct Answer :-

- Adaptation [Option ID = 45227]

25) _____ is the physiological ability to reproduce an offspring.

[Question ID = 18876]

1. Fecundity [Option ID = 45496]
2. Fertility [Option ID = 45495]
3. Virility [Option ID = 45498]
4. Natality [Option ID = 45497]

Correct Answer :-

- Fecundity [Option ID = 45496]

26) Charles Darwin's ideas concerning the causes of evolution were probably formulated in his mind

[Question ID = 18817]

1. During the late 1880's [Option ID = 45262]
2. During his voyage on H.M.S. Beagle, especially after he reached the Galápagos Islands [Option ID = 45261]
3. Before he began his voyage of exploration around the world on H.M.S. Beagle [Option ID = 45260]
4. While he was still a student at Cambridge University [Option ID = 45259]

Correct Answer :-

- During his voyage on H.M.S. Beagle, especially after he reached the Galápagos Islands [Option ID = 45261]

27) First Himalayan Glaciation is known as

[Question ID = 18884]

1. Terrace I [Option ID = 45530]
2. Pinjaur [Option ID = 45527]
3. Boulder conglomerate [Option ID = 45529]
4. Tatrot [Option ID = 45528]

Correct Answer :-

- Tatrot [Option ID = 45528]

28) The author of the book Hindus of the Himalayas is [Question ID = 18812]

1. S.C. Dube [Option ID = 45241]
2. D.N. Majumdar [Option ID = 45242]
3. B. K. Roy-Burman [Option ID = 45240]
4. G.D. Berreman [Option ID = 45239]

Correct Answer :-

- G.D. Berreman [Option ID = 45239]

29) Who proposed the 'Three Age System' in pre-history?

[Question ID = 18883]

1. C. J. Thomsen [Option ID = 45525]
2. B. M. Fagan [Option ID = 45523]
3. H.D.Sankalia [Option ID = 45524]
4. F. Borde [Option ID = 45526]

Correct Answer :-

- C. J. Thomsen [Option ID = 45525]

30) Who among the following worked on the complicity between colonial agencies and Anthropologists?

[Question ID = 18801]

1. Ibn Khaldun [Option ID = 45196]
2. Akbar Ahmed [Option ID = 45197]
3. Ralf Linto [Option ID = 45198]
4. Talal Asad [Option ID = 45195]

Correct Answer :-

- Talal Asad [Option ID = 45195]

31) Who is the author of the book 'The Old Stone Age'?

[Question ID = 18854]

1. M.C. Burkitt [Option ID = 45407]
2. J. N. Pal [Option ID = 45408]
3. P.C. Pant [Option ID = 45409]
4. H. De Lumley [Option ID = 45410]

Correct Answer :-

- M.C. Burkitt [Option ID = 45407]

32) Who included the Proto-Australoid racial element in the classification of Indian races?

[Question ID = 18866]

1. S.S. Sarkar [Option ID = 45456]
2. H.H. Risley [Option ID = 45455]
3. B.S. Guha [Option ID = 45458]
4. A.C. Haddon [Option ID = 45457]

Correct Answer :-

- B.S. Guha [Option ID = 45458]

33) In which State is the site Isampur located?

[Question ID = 18815]

1. Karnataka [Option ID = 45253]
2. Uttar Pradesh [Option ID = 45254]
3. Madhya Pradesh [Option ID = 45252]
4. Bihar [Option ID = 45251]

Correct Answer :-

- Karnataka [Option ID = 45253]

34) The view of the skull from above is [Question ID = 18800]

1. Norma Basalis [Option ID = 45193]
2. Norma Occipitalis [Option ID = 45194]
3. Norma Frontalis [Option ID = 45192]
4. Norma Verticalis [Option ID = 45191]

Correct Answer :-

- Norma Verticalis [Option ID = 45191]

35) "Childhood" is peculiar to [Question ID = 18789]

1. Nonhuman primates [Option ID = 45149]
2. Human and nonhuman primates [Option ID = 45147]
3. Humans [Option ID = 45148]
4. Mammals [Option ID = 45150]

Correct Answer :-

- Humans [Option ID = 45148]

36) Children subjected to starvation for short periods may recover completely on getting adequate diet. This is referred to as

[Question ID = 18838]

1. Growth spurt [Option ID = 45346]
2. Catch down growth [Option ID = 45345]
3. Catch-up growth [Option ID = 45343]
4. Canalization [Option ID = 45344]

Correct Answer :-

- Catch-up growth [Option ID = 45343]

37) Attirampakkam is [Question ID = 18805]

1. Lower Paleolithic site [Option ID = 45211]
2. Mesolithic site [Option ID = 45214]
3. Indus Valley Civilization site [Option ID = 45213]
4. Upper Paleolithic site [Option ID = 45212]

Correct Answer :-

- Lower Paleolithic site [Option ID = 45211]

38) Shivering

[Question ID = 18828]

1. Has no effect on body heat [Option ID = 45306]
2. Indirectly produces more body heat [Option ID = 45304]
3. Speeds up the loss of body heat [Option ID = 45303]
4. Delays up the loss of body heat [Option ID = 45305]

Correct Answer :-

- Indirectly produces more body heat [Option ID = 45304]

39) A deficiency disease of the skeletal system caused by a lack of Vitamin D or Calcium or both, and often resulting in bone deformities is

[Question ID = 18849]

1. Arthritis [Option ID = 45390]
2. Scurvy [Option ID = 45387]
3. Rickets [Option ID = 45389]
4. Osteoporosis [Option ID = 45388]

Correct Answer :-

- Rickets [Option ID = 45389]

40) A deficiency disease caused due to severe lack of protein in diet among children is

[Question ID = 18856]

1. Anaemia [Option ID = 45418]
2. Kwashiorkor [Option ID = 45417]
3. Scurvy [Option ID = 45416]
4. Rickets [Option ID = 45415]

Correct Answer :-

- Kwashiorkor [Option ID = 45417]

41) Samples of Dendrochronology is taken from which of the following?

[Question ID = 18873]

1. Lake [Option ID = 45483]
2. Tree [Option ID = 45486]
3. River [Option ID = 45484]
4. sea [Option ID = 45485]

Correct Answer :-

- Tree [Option ID = 45486]

42) Swiddening is a form of

[Question ID = 18822]

1. terrace cultivation [Option ID = 45281]
2. intensive cultivation [Option ID = 45280]
3. commercial cultivation [Option ID = 45282]
4. slash and burn cultivation [Option ID = 45279]

Correct Answer :-

- slash and burn cultivation [Option ID = 45279]

43) Osteology is the study of [Question ID = 18810]

1. The human skeleton [Option ID = 45234]
2. The human brain [Option ID = 45233]
3. Human survival strategies [Option ID = 45231]
4. Human languages [Option ID = 45232]

Correct Answer :-

- The human skeleton [Option ID = 45234]

44) Extended Case Study method in anthropology is associated with the work of [Question ID = 18813]

1. Paul Radin [Option ID = 45246]
2. Julian Steward [Option ID = 45244]
3. Anthony Walker [Option ID = 45245]
4. Max Gluckman [Option ID = 45243]

Correct Answer :-

- Max Gluckman [Option ID = 45243]

45) Celts are prepared by

[Question ID = 18863]

1. Levalloisian technique [Option ID = 45443]
2. Clactonian technique [Option ID = 45444]
3. Pressure technique [Option ID = 45446]
4. Grinding and polishing technique [Option ID = 45445]

Correct Answer :-

- Grinding and polishing technique [Option ID = 45445]

46) Khallu is a form : [Question ID = 18792]

1. Fishing [Option ID = 45160]
2. Hunting [Option ID = 45159]
3. Cropping [Option ID = 45161]
4. Weaving [Option ID = 45162]

Correct Answer :-

- Cropping [Option ID = 45161]

47) Lascaux is

[Question ID = 18844]

1. Cave art site [Option ID = 45367]
2. Mesolithic site [Option ID = 45368]
3. Chalcolithic site [Option ID = 45369]
4. Neolithic site [Option ID = 45370]

Correct Answer :-

- Cave art site [Option ID = 45367]

48) A social fact is not characterized by

[Question ID = 18862]

1. Inheritance [Option ID = 45441]
2. Independent existence [Option ID = 45439]
3. Constraints [Option ID = 45442]
4. Exteriority [Option ID = 45440]

Correct Answer :-

- Inheritance [Option ID = 45441]

49) Chopper and Chopping tool are

[Question ID = 18864]

1. blade tool [Option ID = 45447]
2. flake tool [Option ID = 45449]
3. core tool [Option ID = 45448]
4. Neolithic tools [Option ID = 45450]

Correct Answer :-

- core tool [Option ID = 45448]

50) The theory of evolution by natural selection was independently developed by: [Question ID = 19246]

1. Darwin and Lamarck [Option ID = 46977]
2. Darwin and Wallace [Option ID = 46976]
3. Lyell and Darwin [Option ID = 46975]
4. Lyell and Hutton [Option ID = 46978]

Correct Answer :-

- Darwin and Lamarck [Option ID = 46977]

51) 'Linea aspera' responsible for the erect posture in man is present in

[Question ID = 18846]

1. Anterior side of tibia [Option ID = 45376]
2. Anterior side of femur [Option ID = 45378]
3. Posterior side of femur [Option ID = 45375]
4. Medial side of fibula [Option ID = 45377]

Correct Answer :-

- Posterior side of femur [Option ID = 45375]

52) 'Purity and Danger' is associated with the work of

[Question ID = 18842]

1. M.N. Srinivas [Option ID = 45362]
2. Mary Douglas [Option ID = 45360]
3. Victor Turner [Option ID = 45359]
4. Edmund R. Leach [Option ID = 45361]

Correct Answer :-

- Mary Douglas [Option ID = 45360]

53) 'Swaddling Hypothesis' was used by the

[Question ID = 18832]

1. Evolutionist [Option ID = 45320]
2. Conflict Theorist [Option ID = 45321]
3. Cultural Ecologist [Option ID = 45319]
4. Cultural Personality Thinker [Option ID = 45322]

Correct Answer :-

- Cultural Personality Thinker [Option ID = 45322]

54) Trapeze is [Question ID = 18806]

1. Neolithic tool [Option ID = 45215]
2. Core tool [Option ID = 45216]
3. Flake tool [Option ID = 45217]
4. Microlithic tool [Option ID = 45218]

Correct Answer :-

- Microlithic tool [Option ID = 45218]

55) "Melanin" pigment is produced in our [Question ID = 18799]

1. Blood [Option ID = 45188]
2. Pancreas [Option ID = 45190]
3. Liver [Option ID = 45189]
4. Skin [Option ID = 45187]

Correct Answer :-

- Skin [Option ID = 45187]

56) What is the earliest date of Indian Lower Paleolithic culture?

[Question ID = 18825]

1. 2.4 mya [Option ID = 45294]
2. 1.8 mya [Option ID = 45292]
3. 1.51 mya [Option ID = 45293]
4. 1.71 mya [Option ID = 45291]

Correct Answer :-

- 1.51 mya [Option ID = 45293]

57) Mutation Theory was proposed by:

[Question ID = 18865]

1. Hugo de Vries [Option ID = 45451]
2. Gregor Mendel. [Option ID = 45454]
3. August Weismann [Option ID = 45453]
4. R. A. Fischer [Option ID = 45452]

Correct Answer :-

- Hugo de Vries [Option ID = 45451]

58) Gonadotropins are responsible for the growth of the-

[Question ID = 18839]

1. Whole body [Option ID = 45350]
2. Brain [Option ID = 45347]
3. Ovaries and testis [Option ID = 45348]
4. Immune system [Option ID = 45349]

Correct Answer :-

- Ovaries and testis [Option ID = 45348]

59) Attempts to account for facts by means of general hypothesis or research questions is known as: [Question ID = 18794]

1. Phenomenology [Option ID = 45169]
2. Reduction [Option ID = 45170]
3. Induction [Option ID = 45167]
4. Deduction [Option ID = 45168]

Correct Answer :-

- Deduction [Option ID = 45168]

60) Someone experiencing physiological problems as a result of oxygen deprivation is

[Question ID = 18818]

1. Polycythaemia [Option ID = 45263]
2. Hyperoxia [Option ID = 45266]
3. Barometric excess [Option ID = 45264]
4. Hypoxia [Option ID = 45265]

Correct Answer :-

- Hypoxia [Option ID = 45265]

61) Who gave the concept of "the survival of the fittest"? [Question ID = 18808]

1. Hugo De Vries [Option ID = 45225]
2. Charles Darwin [Option ID = 45223]
3. Carl Correns [Option ID = 45226]
4. Herbert Spencer [Option ID = 45224]

Correct Answer :-

- Herbert Spencer [Option ID = 45224]

62) Prepared core technique is also known as

[Question ID = 18845]

1. Punching technique [Option ID = 45374]
2. Levalloisian technique [Option ID = 45373]
3. Clactonian technique [Option ID = 45371]
4. Cylinder Hammer technique [Option ID = 45372]

Correct Answer :-

- Levalloisian technique [Option ID = 45373]

63) A syndrome characterised by physiological, behavioural and mental defects that are due to the presence of an extra copy of the chromosome 21 is

[Question ID = 18848]

1. Klinefelter syndrome [Option ID = 45385]
2. Marfan syndrome [Option ID = 45386]
3. Turner syndrome [Option ID = 45383]
4. Down syndrome [Option ID = 45384]

Correct Answer :-

- Down syndrome [Option ID = 45384]

64) The statement "Animals are good to think with" is from

[Question ID = 18804]

1. Sherry B. Ortner [Option ID = 45209]
2. Margaret Mead [Option ID = 45210]
3. Claude Lèvi Strauss [Option ID = 45208]
4. Mellisa Liewyn-Davies [Option ID = 45207]

Correct Answer :-

- Claude Lèvi Strauss [Option ID = 45208]

65) The physiological process of being or becoming accustomed to a new physical environment is known as:

[Question ID = 18877]

1. Alteration [Option ID = 45502]
2. Adaptation [Option ID = 45501]
3. Acclimatization [Option ID = 45500]
4. Assimilation [Option ID = 45499]

Correct Answer :-

- Acclimatization [Option ID = 45500]

66) The famous 'Fox Project' was guided by

[Question ID = 18821]

1. Marvin Harris. [Option ID = 45278]
2. Sol Tax [Option ID = 45275]
3. George P. Murdock [Option ID = 45276]
4. Margaret Mead [Option ID = 45277]

Correct Answer :-

- Sol Tax [Option ID = 45275]

67) The first Director of Anthropological Survey of India was

[Question ID = 18851]

1. S.C. Roy [Option ID = 45396]
2. N. K. Bose. [Option ID = 45395]
3. B.S. Guha [Option ID = 45398]
4. G.S.Ghurye [Option ID = 45397]

Correct Answer :-

- B.S. Guha [Option ID = 45398]

68) The Cross Cultural Cumulative Coding Center (The 5 C's) has been developed by

[Question ID = 18833]

1. Ruth Benedict [Option ID = 45323]
2. Franz Boas. [Option ID = 45324]
3. G. P. Murdock [Option ID = 45326]
4. Jack Goody [Option ID = 45325]

Correct Answer :-

- G. P. Murdock [Option ID = 45326]

69) The advisory committee for the revision of the list of Scheduled Castes and Scheduled Tribal is also known as

[Question ID = 18861]

1. Ghurye committee [Option ID = 45438]
2. Shilu Ao committee [Option ID = 45437]
3. Elwin committee [Option ID = 45436]
4. Lokur committee [Option ID = 45435]

Correct Answer :-

- Lokur committee [Option ID = 45435]

70) The period referring to the process of growth from birth up to 28 days of life is-

[Question ID = 18837]

1. Postnatal [Option ID = 45339]
2. Infancy [Option ID = 45340]
3. Neo-natal [Option ID = 45342]
4. Prenatal [Option ID = 45341]

Correct Answer :-

- Neo-natal [Option ID = 45342]

71) The book 'Homo Hierarchicus' is authored by

[Question ID = 18791]

1. Louis Dumont [Option ID = 45155]
2. M.N.Srinivas [Option ID = 45156]
3. G.S. Ghurye [Option ID = 45158]
4. Gerald Berreman [Option ID = 45157]

Correct Answer :-

- Louis Dumont [Option ID = 45155]

72) The study of methods under social control directed towards improving the hereditary constitution of future human generations is

[Question ID = 18847]

1. Ergonomics [Option ID = 45382]
2. Eugenics [Option ID = 45380]
3. Genetics [Option ID = 45379]
4. Physiology [Option ID = 45381]

Correct Answer :-

- Eugenics [Option ID = 45380]

73) The energy giving foods which include starch of cereals and sugar from sugarcane and fruits are-

[Question ID = 18829]

1. Vitamins [Option ID = 45310]
2. Proteins [Option ID = 45308]
3. Carbohydrates [Option ID = 45307]
4. Minerals [Option ID = 45309]

Correct Answer :-

- Carbohydrates [Option ID = 45307]

74) The mixture of homozygous and heterozygous genes of a population in a state of equilibrium is called:

[Question ID = 18878]

1. Multiple alleles [Option ID = 45505]
2. Transient polymorphism [Option ID = 45504]
3. Balanced polymorphism [Option ID = 45503]
4. Genetic equilibrium. [Option ID = 45506]

Correct Answer :-

- Balanced polymorphism [Option ID = 45503]

75) The classical definition of culture by E. B. Tylor appeared in the year

[Question ID = 18830]

1. 1871 [Option ID = 45313]
2. 1879 [Option ID = 45311]
3. 1870 [Option ID = 45312]
4. 1872 [Option ID = 45314]

Correct Answer :-

- 1871 [Option ID = 45313]

76) The Fifth Schedule of the Constitution of India deals with

[Question ID = 18811]

1. Economic development and educational opportunities for Scheduled Tribes [Option ID = 45238]
2. Atrocities and crime against Scheduled Tribes [Option ID = 45237]
3. Administration of the Scheduled Areas [Option ID = 45236]
4. Reservation for the Scheduled Tribes [Option ID = 45235]

Correct Answer :-

- Administration of the Scheduled Areas [Option ID = 45236]

77) The idea of 'original affluent society' for hunting and gathering subsistence was proposed by

[Question ID = 18840]

1. Leslie A. White [Option ID = 45351]
2. Marshall D. Sahlins [Option ID = 45354]
3. Roy Rappaport [Option ID = 45353]
4. Julian Steward [Option ID = 45352]

Correct Answer :-

- Marshall D. Sahlins [Option ID = 45354]

78) The concept 'Tribal-Rajput continuum' was given by

[Question ID = 18841]

1. S.S. Sarkar [Option ID = 45357]
2. L. P. Vidyarthi [Option ID = 45356]
3. B. S. Guha [Option ID = 45358]
4. Surjit Sinha [Option ID = 45355]

Correct Answer :-

- Surjit Sinha [Option ID = 45355]

79) The concept 'modal personality' was popularized by

[Question ID = 18831]

1. Abram Kardiner [Option ID = 45316]
2. Ruth Benedict [Option ID = 45317]
3. Geoffrey Gorer [Option ID = 45318]
4. Cora Dubois [Option ID = 45315]

Correct Answer :-

- Abram Kardiner [Option ID = 45316]

80) The concept of 'social network' was first used by

[Question ID = 18860]

1. A. L. Kroeber [Option ID = 45432]
2. G. P. Murdock [Option ID = 45434]
3. John Barnes [Option ID = 45431]
4. Kluckhohn [Option ID = 45433]

Correct Answer :-

- John Barnes [Option ID = 45431]

81) The concept of 'complimentary filiations' was given by

[Question ID = 18881]

1. Raymond Firth [Option ID = 45518]
2. Evans-Pritchard [Option ID = 45516]
3. Radcliffe-Brown [Option ID = 45517]
4. Meyer Fortes [Option ID = 45515]

Correct Answer :-

- Meyer Fortes [Option ID = 45515]

82) The concept of folk-urban continuum was proposed by

[Question ID = 18852]

1. Teodor Shanin [Option ID = 45400]
2. Eric R. Wolf [Option ID = 45399]
3. Milton Singer [Option ID = 45402]
4. Robert Redfield [Option ID = 45401]

Correct Answer :-

- Robert Redfield [Option ID = 45401]

83) The distinction between general and specific evolution was given by

[Question ID = 18872]

1. Leslie White [Option ID = 45479]
2. Elman Service [Option ID = 45480]
3. Marshall Sahlins [Option ID = 45481]
4. Julian Steward [Option ID = 45482]

Correct Answer :-

- Elman Service [Option ID = 45480]

84) The first Alpine glaciation is known as

[Question ID = 18874]

1. Gunz [Option ID = 45490]
2. Wurm [Option ID = 45489]
3. Riss [Option ID = 45488]
4. Mindel [Option ID = 45487]

Correct Answer :-

- Gunz [Option ID = 45490]

85) The teaching of anthropology first began at

[Question ID = 18843]

1. University of Calcutta [Option ID = 45364]
2. University of Madras [Option ID = 45363]
3. University of Delhi [Option ID = 45365]
4. University of Lucknow [Option ID = 45366]

Correct Answer :-

- University of Calcutta [Option ID = 45364]

86) The Blade tools were prepared by

[Question ID = 18855]

1. Punching technique [Option ID = 45413]
2. Stone hammer technique [Option ID = 45412]
3. Clactonian technique [Option ID = 45414]
4. Cylinder hammer technique [Option ID = 45411]

Correct Answer :-

- Punching technique [Option ID = 45413]

87) The term *Gemeinschaft* refers to

[Question ID = 18793]

1. Association [Option ID = 45165]
2. Institution [Option ID = 45166]
3. Society [Option ID = 45164]
4. Community [Option ID = 45163]

Correct Answer :-

- Community [Option ID = 45163]

88) The average cranial capacity of *Homo erectus* ranges from:

[Question ID = 18868]

1. 895-1040cc [Option ID = 45463]
2. 1200-1350cc. [Option ID = 45466]
3. 1120-1310cc [Option ID = 45465]
4. 1050-1200cc [Option ID = 45464]

Correct Answer :-

- 895-1040cc [Option ID = 45463]

89) The method in which measurements are repeatedly done on the same individual or group or individuals at definite age intervals is-

[Question ID = 18836]

1. Longitudinal study [Option ID = 62613]
2. Cross-sectional study [Option ID = 45335]
3. Semi longitudinal [Option ID = 45338]
4. Mixed longitudinal [Option ID = 45337]

Correct Answer :-

- Semi longitudinal [Option ID = 45338]

90) The author of the book Encounter with Anthropology is:

[Question ID = 18803]

1. Claude Lévi-Strauss [Option ID = 45203]
2. Bronislaw Malinowski [Option ID = 45205]
3. A.R. Radcliffe-Brown [Option ID = 45206]
4. Robin Fox [Option ID = 45204]

Correct Answer :-

- Robin Fox [Option ID = 45204]

91) The term 'habitus' was given by

[Question ID = 18880]

1. Edward Sapir [Option ID = 45513]
2. Margaret Mead [Option ID = 45512]
3. Pierre Bourdieu [Option ID = 45511]
4. Jack Goody [Option ID = 45514]

Correct Answer :-

- Pierre Bourdieu [Option ID = 45511]

92) The term 'thick description' in anthropology is associated with

[Question ID = 18871]

1. Marvin Harris [Option ID = 45478]
2. Clifford Geertz [Option ID = 48535]
3. Levi-Strauss [Option ID = 45475]
4. Roland Barthes [Option ID = 45477]

Correct Answer :-

- Clifford Geertz [Option ID = 48535]

93) The fossil remains of Ramapithecus in India was discovered from the:

[Question ID = 18858]

1. Devagiri Hills [Option ID = 45425]
2. Siwalik Hills [Option ID = 45424]
3. Bateshwar Hills [Option ID = 45426]
4. Nilgiri Hills [Option ID = 45423]

Correct Answer :-

- Siwalik Hills [Option ID = 45424]

94) The communities having matrilineal descent is found in

[Question ID = 18850]

1. Tripura [Option ID = 45392]
2. Meghalaya [Option ID = 45393]
3. Nagaland [Option ID = 45394]
4. Andaman Islands. [Option ID = 45391]

Correct Answer :-

- Meghalaya [Option ID = 45393]

95) The norm whereby a couple joins the residence of bride's father's sister is called

[Question ID = 18869]

1. Uxorilocal [Option ID = 45467]
2. Amitalocal [Option ID = 45468]
3. Virilocal [Option ID = 45469]
4. Ambilocal [Option ID = 45470]

Correct Answer :-

- Amitalocal [Option ID = 45468]

96) Phenomenon of Canalization was described by

[Question ID = 18787]

1. J.M Tanner [Option ID = 45140]
2. Barry Bogin [Option ID = 45142]
3. C.H Waddington [Option ID = 45139]
4. Ernst Haeckel [Option ID = 45141]

Correct Answer :-

- C.H Waddington [Option ID = 45139]

97) The first Prehistoric tool was found at [Question ID = 18796]

1. Pallavaram [Option ID = 45176]
2. Adamgarh [Option ID = 45177]
3. Hunsgi [Option ID = 45178]
4. Kondapeta [Option ID = 45175]

Correct Answer :-

- Pallavaram [Option ID = 45176]

98) Angle of the Clactonian Flake is [Question ID = 18816]

1. More than 45 degree [Option ID = 45258]
2. More than 90 degree [Option ID = 45256]
3. Less than 45 degree [Option ID = 45257]
4. Less than 90 degree [Option ID = 45255]

Correct Answer :-

- More than 90 degree [Option ID = 45256]

99) One of the distinct characteristics of Prosimians is:

[Question ID = 18875]

1. Absence of tail [Option ID = 45494]
2. High degree of colour vision [Option ID = 45493]
3. Highly evolved brain [Option ID = 45492]
4. Highly developed sense of smell [Option ID = 45491]

Correct Answer :-

- Highly developed sense of smell [Option ID = 45491]

100) One of the distinct characteristic of Prosimians is:

[Question ID = 30658]

1. Highly evolved brain [Option ID = 62625]
2. Highly developed sense of smell [Option ID = 62624]
3. Absence of tail [Option ID = 62627]
4. Highly degree of colour vision [Option ID = 62626]

Correct Answer :-

- Highly developed sense of smell [Option ID = 62624]
