Directions (Question No. 146-147): Read the following passage and answer the question below:

I opened the bag and packed the boots in; and then, just as I was going to close it, a horrible idea occurred to me. Had I packed my toothbrush? I don't know how it is, but I never do know whether I've packed my toothbrush. My toothbrush is a thing that haunts me when I'm travelling, and makes my life a misery, I dream that I haven't packed it, and wake up in a cold perspiration, and get out of bed and hunt for it. And, in the morning, I pack it before I have used it, and it is always the last thing I turn out of the bag; and then repack and forget it, and have to rug upstairs for it at the last moment and carry it to the railway station, wrapped up in my pocket-handkerchief.

146. What makes his life miserable whenever he undertakes travelling?

- (A) Going to railway station
- (B) Forgetting the toothbrush
- (C) Packing his bag
- (D) Bad dreams

Directions (Question No. 148-150): Read the following passage and answer the question below:

In spring, polar bear mothers emerge from dens with three month old cubs. The mother bear has fasted for as long as eight months but that does not stop the young from demanding full access to her remaining reserves. If there are triplets, the most persistent stands to gain an extra meal and it may have the meal at the expense of others. The smallest of the litter forfeits many meals to stronger siblings. Females are protective of their cubs but tend to ignore family rivalry over food. In 21 years of photographing polar bears, I've only once seen the smallest of triplets survive till autumn.

148. Female polar bears give birth during

- (A) spring
- (B) summer
- (C) autumn
- (D) winter

149. Mother bear

- (A) takes sides over cubs
- (B) lets the cubs fend for themselves
- (C) feeds only their favourites
- (D) sees that all cubs get an equal share

150. How often has the smallest of the triplets survived till autumn in his experience according to the photographer?

- (A) Once in 3 years
- (B) Once in 21 years
- (C) None at all
- (D) Every year.
