

## DU MPhil PhD in Anthropology

Topic:- ANTHRO MPHIL S2

1) Which of the following is a measure of central tendency?

[Question ID = 3038]

1. Median [Option ID = 12146]
2. Standard Deviation [Option ID = 12147]
3. Variance [Option ID = 12148]
4. Mean Deviation [Option ID = 12149]

Correct Answer :-

- Median [Option ID = 12146]

2) Sequencing is a technique of data generation in

[Question ID = 3039]

1. Genome research [Option ID = 12150]
2. Physiological research [Option ID = 12151]
3. Social Epidemiology [Option ID = 12152]
4. Kinanthropometry [Option ID = 12153]

Correct Answer :-

- Genome research [Option ID = 12150]

3) Point prevalence is

[Question ID = 3040]

1. Current presence of disease [Option ID = 12154]
2. Disease presence in last (n) years [Option ID = 12155]
3. Ever had the disease [Option ID = 12156]
4. Disease presence in last month [Option ID = 12157]

Correct Answer :-

- Current presence of disease [Option ID = 12154]

4) Which of the following is not a ratio scale measurement?

[Question ID = 3041]

1. Blood group [Option ID = 12158]
2. RBC count [Option ID = 12159]
3. WBC count [Option ID = 12160]
4. Platelet count [Option ID = 12161]

Correct Answer :-

- Blood group [Option ID = 12158]

5) Inclusion/Exclusion criteria are mandatory for:

[Question ID = 3042]

1. Survey Methods [Option ID = 12162]
2. Case Control designs [Option ID = 12163]
3. Household Surveys [Option ID = 12164]
4. Cross-sectional designs [Option ID = 12165]

Correct Answer :-

- Case Control designs [Option ID = 12163]

6) Research schedule is filled by:

[Question ID = 3043]

1. The participant [Option ID = 12166]
2. The investigator [Option ID = 12167]
3. The family member [Option ID = 12168]
4. The neighbour of the participant [Option ID = 12169]

Correct Answer :-

- The investigator [Option ID = 12167]

7) Which of the following is not a Next generation sequencing technology?

[Question ID = 3044]

1. Illumina [Option ID = 12170]
2. Ion Torrent [Option ID = 12171]
3. Roche 454 [Option ID = 12172]
4. CRISPER [Option ID = 12173]

Correct Answer :-

- CRISPER [Option ID = 12173]

8) Phenomenology is:

[Question ID = 3045]

1. Explaining the phenomena without experience [Option ID = 12174]
2. Indirect experience of the phenomena [Option ID = 12175]
3. Direct experience of the phenomena [Option ID = 12176]
4. Explaining the phenomena using others experiences [Option ID = 12177]

Correct Answer :-

- Direct experience of the phenomena [Option ID = 12176]

9) Student  $t$  test is

[Question ID = 3046]

1. Non-parametric test  
[Option ID = 12178]
2. Used for categorical data analysis  
[Option ID = 12179]
3. Used for 2x2 contingency tables significance testing  
[Option ID = 12180]
4. Parametric test  
[Option ID = 12181]

Correct Answer :-

- Parametric test

[Option ID = 12181]

10) Selecting samples from a sub-divided population is known as:

[Question ID = 3047]

1. Snowball sampling [Option ID = 12182]
2. Categorical sampling [Option ID = 12183]
3. Stratified random sampling [Option ID = 12184]
4. Convenient sampling [Option ID = 12185]

Correct Answer :-

- Stratified random sampling [Option ID = 12184]

11) Inductive Research is generally associated with:

[Question ID = 3048]

1. Qualitative research [Option ID = 12186]
2. Quantitative research [Option ID = 12187]
3. Mixed method research [Option ID = 12188]
4. Hypothesis based research [Option ID = 12189]

Correct Answer :-

- Quantitative research [Option ID = 12187]

12) The Genealogical method was developed by:

[Question ID = 3049]

1. W.H.R. Rivers [Option ID = 12190]
2. Mayer Fortes [Option ID = 12191]
3. Clark Wissler [Option ID = 12192]
4. Laura Nader [Option ID = 12193]

Correct Answer :-

- W.H.R. Rivers [Option ID = 12190]

13) The branch of philosophy that deals with the study of knowledge is?

[Question ID = 3050]

1. Epistemology [Option ID = 12194]
2. Ontology [Option ID = 12195]
3. Methodology [Option ID = 12196]
4. Tautology [Option ID = 12197]

Correct Answer :-

- Epistemology [Option ID = 12194]

14) Which of the following is an unobtrusive method?

[Question ID = 3051]

1. Depth Interviews [Option ID = 12198]
2. Focused group discussion [Option ID = 12199]
3. Participant observation [Option ID = 12200]
4. Non-participant observation [Option ID = 12201]

**Correct Answer :-**

- Non-participant observation [Option ID = 12201]

**15) Field notes should be:**

**[Question ID = 3052]**

1. Descriptive and detailed [Option ID = 12202]
2. As short as possible [Option ID = 12203]
3. Written after the fieldwork is over [Option ID = 12204]
4. Focused on single dimension of research [Option ID = 12205]

**Correct Answer :-**

- Descriptive and detailed [Option ID = 12202]

**16) Attitudes are best measured using:**

**[Question ID = 3053]**

1. Rapport Scale [Option ID = 12206]
2. Lipert Scale [Option ID = 12207]
3. Likert Scale [Option ID = 12208]
4. Support Scale [Option ID = 12209]

**Correct Answer :-**

- Likert Scale [Option ID = 12208]

**17) Emic refers to :**

**[Question ID = 3054]**

1. Researcher's perspective [Option ID = 12210]
2. Insider's perspective [Option ID = 12211]
3. Qualitative perspective [Option ID = 12212]
4. Outsider's perspective [Option ID = 12213]

**Correct Answer :-**

- Insider's perspective [Option ID = 12211]

**18) Symbol for male in genealogy is represented by**

**[Question ID = 3055]**

1. Rectangle [Option ID = 12214]
2. Triangle [Option ID = 12215]
3. Square [Option ID = 12216]
4. Circle [Option ID = 12217]

**Correct Answer :-**

- Triangle [Option ID = 12215]

**19) Network analysis as a technique is popularised by :**

**[Question ID = 3056]**

1. Roy Rappaport [Option ID = 12218]
2. M. Banton [Option ID = 12219]
3. M. Agar [Option ID = 12220]
4. J. Barnes [Option ID = 12221]

**Correct Answer :-**

- M. Banton [Option ID = 12219]

**20) Garbage project in USA made use of:**

**[Question ID = 3057]**

1. Indirect observation [Option ID = 12222]
2. Participant observation [Option ID = 12223]
3. Controlled observation [Option ID = 12224]
4. Direct observation [Option ID = 12225]

**Correct Answer :-**

- Indirect observation [Option ID = 12222]

**21) Social mapping is a kind of:**

**[Question ID = 3058]**

1. Non-participatory method [Option ID = 12226]
2. Probability method [Option ID = 12227]
3. Participatory method [Option ID = 12228]
4. Inclusive method [Option ID = 12229]

Correct Answer :-

- Participatory method [Option ID = 12228]

22) Participant observation as-a fieldwork technique is generally associated with

[Question ID = 3059]

1. B. Malinowski [Option ID = 12230]
2. E.B. Tylor [Option ID = 12231]
3. L.H. Morgan [Option ID = 12232]
4. S.C. Roy [Option ID = 12233]

Correct Answer :-

- B. Malinowski [Option ID = 12230]

23) Which of the following is a non-probability sampling?

[Question ID = 3060]

1. Simple random sampling [Option ID = 12234]
2. Cluster sampling [Option ID = 12235]
3. Multi-stage sampling [Option ID = 12236]
4. Quota sampling [Option ID = 12237]

Correct Answer :-

- Quota sampling [Option ID = 12237]

24) In bio-statistical analyses, which of the following is not a measure of central tendency?

[Question ID = 3061]

1. Mean [Option ID = 12238]
2. Median [Option ID = 12239]
3. Mode [Option ID = 12240]
4. Range [Option ID = 12241]

Correct Answer :-

- Range [Option ID = 12241]

25) In a probability theory the measure of asymmetry in a statistical distribution in which the curve appears to be distorted in one side is known as :

[Question ID = 3062]

1. Skewness [Option ID = 12242]
2. Histogram [Option ID = 12243]
3. Projectile [Option ID = 12244]
4. Pie chart [Option ID = 12245]

Correct Answer :-

- Skewness [Option ID = 12242]

26) Understanding female circumcision as a significant rite of passage for women as opposed to a kind of mutilation is an example of:

[Question ID = 3063]

1. Ethnocentrism [Option ID = 12246]
2. Xenocentrism [Option ID = 12247]
3. Social Relativism [Option ID = 12248]
4. Cultural relativism [Option ID = 12249]

Correct Answer :-

- Cultural relativism [Option ID = 12249]

27) Which of the following is an exchange practiced by the Kwakiutl Indians of north-west coast of North America?

[Question ID = 3064]

1. Gift [Option ID = 12250]
2. Kula [Option ID = 12251]
3. Potlatch [Option ID = 12252]
4. Award [Option ID = 12253]

Correct Answer :-

- Potlatch [Option ID = 12252]

28) Shamanism involves:

[Question ID = 3065]

1. Possession by evil force [Option ID = 12254]
2. Altered state of consciousness [Option ID = 12255]
3. Witchcraft [Option ID = 12256]
4. Contagious magic [Option ID = 12257]

Correct Answer :-

- Altered state of consciousness [Option ID = 12255]

29) Which perspective is based on the assumption that Indian society is unique and the Indian social institutions can be better studied through the texts?

[Question ID = 3066]

1. Subaltern [Option ID = 12258]
2. Civilization [Option ID = 12259]
3. Classical [Option ID = 12260]
4. Indological [Option ID = 12261]

Correct Answer :-

- Indological [Option ID = 12261]

30) Suicide resulting out of failure in love affair is an example of:

[Question ID = 3067]

1. Fatalistic Suicide [Option ID = 12262]
2. Anomic Suicide [Option ID = 12263]
3. Altruistic Suicide [Option ID = 12264]
4. Egoistic Suicide [Option ID = 12265]

Correct Answer :-

- Anomic Suicide [Option ID = 12263]

31) Leo Frobenius postulated two basic worldviews:

[Question ID = 3068]

1. Appolonian and Dionysians [Option ID = 12266]
2. Ethiopian and Hamitic [Option ID = 12267]
3. European and Indian [Option ID = 12268]
4. Old World and New World [Option ID = 12269]

Correct Answer :-

- Ethiopian and Hamitic [Option ID = 12267]

32) In Patterns of Culture, Ruth Benedict compares three people namely:

[Question ID = 3069]

1. The Zuni of New Mexico; The Kwakiutl of Vancouver; and Dobuans of Melanesia [Option ID = 12270]
2. The Zuni of New York; The Kwakiutl of Vancouver; and Dobuans of Melanesia [Option ID = 12271]
3. The Zuni of New Mexico; The Kwakiutl of Japan; and Dobuans of Melanesia [Option ID = 12272]
4. The Zuni of New Mexico; The Kwakiutl of Mexico; and Dobuans of Melanesia [Option ID = 12273]

Correct Answer :-

- The Zuni of New Mexico; The Kwakiutl of Vancouver; and Dobuans of Melanesia [Option ID = 12270]

33) Whyte's famous Street Corner Society has been challenged by

[Question ID = 3070]

1. Raymond Firth [Option ID = 12274]
2. Ruth Benedict [Option ID = 12275]
3. Boelen [Option ID = 12276]
4. Li An-Che [Option ID = 12277]

Correct Answer :-

- Boelen [Option ID = 12276]

34) A family consisting of husband, wife and their unmarried children is called:

[Question ID = 3071]

1. Stem Family [Option ID = 12278]
2. Nuclear Family [Option ID = 12279]
3. Joint Family [Option ID = 12280]
4. Extended Family [Option ID = 12281]

Correct Answer :-

- Nuclear Family [Option ID = 12279]

35) Patronymic means

[Question ID = 3072]

1. Offspring inherit the father's property [Option ID = 12282]
2. Offspring inherit the father's name [Option ID = 12283]
3. Offspring inherit the father's moveable assets [Option ID = 12284]
4. Offspring inherit the father's ancestral property only [Option ID = 12285]

Correct Answer :-

- Offspring inherit the father's name [Option ID = 12283]

36) Lung function can be measured using

[Question ID = 3073]

1. Sphygmomanometer [Option ID = 12286]

2. Spirometer [Option ID = 12287]
3. Glucometer [Option ID = 12288]
4. Incubator [Option ID = 12289]

Correct Answer :-

- Spirometer [Option ID = 12287]

37) Which of the blood groups has no antigen?

[Question ID = 3074]

1. AB [Option ID = 12290]
2. A [Option ID = 12291]
3. O [Option ID = 12292]
4. B [Option ID = 12293]

Correct Answer :-

- O [Option ID = 12292]

38) Heterozygote Superiority is observed in:

[Question ID = 3075]

1. Transient polymorphisms [Option ID = 12294]
2. Balanced polymorphisms [Option ID = 12295]
3. Directional polymorphisms [Option ID = 12296]
4. Inbreeding [Option ID = 12297]

Correct Answer :-

- Balanced polymorphisms [Option ID = 12295]

39) Who among the following is phylogenetically closest to man?

[Question ID = 3076]

1. Siamang [Option ID = 12298]
2. Orangutan [Option ID = 12299]
3. Chimpanzee [Option ID = 12300]
4. Gibbon [Option ID = 12301]

Correct Answer :-

- Chimpanzee [Option ID = 12300]

40) Sickle cell anemia is inherited as a/an

[Question ID = 3077]

1. Sex-linked disorder [Option ID = 12302]
2. Autosomal dominant [Option ID = 12303]
3. Autosomal recessive [Option ID = 12304]
4. Autosomal codominant [Option ID = 12305]

Correct Answer :-

- Autosomal recessive [Option ID = 12304]

41) The meaning of Epiphysis is:

[Question ID = 3078]

1. Pully-shaped surface [Option ID = 12306]
2. The expanded ends of the long bones [Option ID = 12307]
3. A narrow ridge [Option ID = 12308]
4. Opening of a bony tunnel [Option ID = 12309]

Correct Answer :-

- The expanded ends of the long bones [Option ID = 12307]

42) Which of the following is not a Prosimian?

[Question ID = 3079]

1. Loris [Option ID = 12310]
2. Marmosets [Option ID = 12311]
3. Lemur [Option ID = 12312]
4. Tarsius [Option ID = 12313]

Correct Answer :-

- Marmosets [Option ID = 12311]

43) 'Choukoutien' is an important paleoanthropological site in:

[Question ID = 3080]

1. Israel [Option ID = 12314]
2. Nepal [Option ID = 12315]
3. China [Option ID = 12316]
4. Myanmar [Option ID = 12317]

Correct Answer :-

- China [Option ID = 12316]

**44) Pattern baldness in Men is:**

**[Question ID = 3081]**

1. Sex-limited [Option ID = 12318]
2. Sex-linked [Option ID = 12319]
3. Sex-influenced [Option ID = 12320]
4. Autosomal [Option ID = 12321]

**Correct Answer :-**

- Sex-influenced [Option ID = 12320]

**45) The chi square test is computed for:**

**[Question ID = 3082]**

1. Qualitative data [Option ID = 12322]
2. Quantitative data [Option ID = 12323]
3. Population mean [Option ID = 12324]
4. Sample mean [Option ID = 12325]

**Correct Answer :-**

- Qualitative data [Option ID = 12322]

**46) In which state the site Chirand is located?**

**[Question ID = 3083]**

1. Bihar [Option ID = 12326]
2. Tamil Nadu [Option ID = 12327]
3. Jharkhand [Option ID = 12328]
4. Rajasthan [Option ID = 12329]

**Correct Answer :-**

- Bihar [Option ID = 12326]

**47) Core is characterized by**

**[Question ID = 3084]**

1. Abrupt retouching [Option ID = 12330]
2. Semi abrupt retouching [Option ID = 12331]
3. Positive bulb of percussion [Option ID = 12332]
4. Negative bulb of percussion [Option ID = 12333]

**Correct Answer :-**

- Negative bulb of percussion [Option ID = 12333]

**48) The first excavated prehistoric site in India is**

**[Question ID = 3085]**

1. Attirampakkam [Option ID = 12334]
2. Bhimbetka [Option ID = 12335]
3. Kuliana [Option ID = 12336]
4. Kondapeda [Option ID = 12337]

**Correct Answer :-**

- Kuliana [Option ID = 12336]

**49) Laurel Leaf Point tool belongs to :**

**[Question ID = 3086]**

1. Middle Palaeolithic culture [Option ID = 12338]
2. Mesolithic culture [Option ID = 12339]
3. Upper Palaeolithic culture [Option ID = 12340]
4. Neolithic culture [Option ID = 12341]

**Correct Answer :-**

- Upper Palaeolithic culture [Option ID = 12340]

**50) The Punching technique belongs to :**

**[Question ID = 3087]**

1. Lower Palaeolithic culture [Option ID = 12342]
2. Middle Palaeolithic culture [Option ID = 12343]
3. Upper Palaeolithic culture [Option ID = 12344]
4. Mesolithic culture [Option ID = 12345]

**Correct Answer :-**

- Upper Palaeolithic culture [Option ID = 12344]
