G: did not know

The proper sentence is:-

[Question ID = 2037]

1. EGDF
[Option ID = 8142]
2. EDGF
[Option ID = 8143]
3. GEDF
[Option ID = 8144]
4. DEFG
[Option ID = 8145]

Correct Answer :-

- EDGF
[Option ID = 8143]

89) I, MNO _____ a student of this College.

[Question ID = 2038]

1. is [Option ID = 8146]
2. were [Option ID = 8147]
3. am [Option ID = 8148]
4. are [Option ID = 8149]

Correct Answer :-

- am [Option ID = 8148]

90) You may have forgotten that Goa

T - was fought in 1961

U - and that

V - the war for its liberation

W - was once a Portuguese colony

[Question ID = 2039]

1. TUWV
[Option ID = 8150]
2. VTUW
[Option ID = 8151]
3. WUVT
[Option ID = 8152]
4. WVUT
[Option ID = 8153]

Correct Answer :-

- WUVT
[Option ID = 8152]

Topic:- MMC BA S2_P2

1) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

The 1984 Gas Tragedy was:-

[Question ID = 2076]

1. A cooking gas cylinder burst
[Option ID = 8298]
2. A volcanic disaster

[Option ID = 8299]

3. A chemical disaster

[Option ID = 8301]

4. A nuclear reactor disaster

[Option ID = 8304]

Correct Answer :-

- A chemical disaster

[Option ID = 8301]

2) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

'Large swathes residing in the slum' refers to:-

[Question ID = 2079]

1. Populations

[Option ID = 8307]

2. Dogs

[Option ID = 8309]

3. Insects

[Option ID = 8312]

4. Birds

[Option ID = 8313]

Correct Answer :-

- Populations

[Option ID = 8307]

3) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

Leukoderma is an affliction:-

[Question ID = 2081]

1. of the skin

[Option ID = 8316]

2. of the heart

[Option ID = 8319]

3. of the mouth

[Option ID = 8320]

4. of the stomach

[Option ID = 8321]

Correct Answer :-

- of the skin

[Option ID = 8316]

4) Answer the question that follow.

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all

around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

The Dalmatian is a breed of

[Question ID = 2082]

1. Zebra

[Option ID = 8323]

2. Panda

[Option ID = 8324]

3. Dog

[Option ID = 8326]

4. Penguin

[Option ID = 8328]

Correct Answer :-

- Dog

[Option ID = 8326]

5) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

Leukoderma is also known as:-

[Question ID = 2085]

1. Impetigo

[Option ID = 8331]

2. Vitiligo

[Option ID = 8333]

3. Hodgkin's Disease

[Option ID = 8335]

4. Leukaemia

[Option ID = 8337]

Correct Answer :-

- Vitiligo

[Option ID = 8333]

6) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

Instead of the toxic waste at the site:-

[Question ID = 2086]

1. A factory could be built

[Option ID = 8338]

2. A memorial could be built

[Option ID = 8339]

3. The chemicals could be treated

[Option ID = 8341]

4. An American company could come up

[Option ID = 8342]

Correct Answer :-

- A memorial could be built

[Option ID = 8339]

7) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

The multinational Union Carbide factory was:-

[Question ID = 2089]

1. A Chinese brand

[Option ID = 8348]

2. An American brand

[Option ID = 8350]

3. A Russian brand

[Option ID = 8352]

4. An Israeli brand

[Option ID = 8353]

Correct Answer :-

- An American brand

[Option ID = 8350]

8) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019)

The synonym of 'perished' here, is:-

[Question ID = 2091]

1. Died

[Option ID = 8355]

2. Wasted

[Option ID = 8357]

3. Dissolved

[Option ID = 8360]

4. Burnt

[Option ID = 8361]

Correct Answer :-

- Died

[Option ID = 8355]

9) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019).

The synonym of 'maimed' here, is:-

[Question ID = 2092]

1. Disease

[Option ID = 8362]

2. Functional

[Option ID = 8364]

3. Crippled

[Option ID = 8366]

4. Disturbed

[Option ID = 8369]

Correct Answer :-

- Crippled

[Option ID = 8366]

10) Answer the question that follow:-

She told him about the terrible 1984 Gas Tragedy, in which several thousands had perished when methyl isocyanate gas leaked from the multinational Union Carbide factory in the heart of the poor district - large swathes residing in the slums had perished and many were maimed - had occurred even before she was born, but the wounds were still visible all around, causing many people to resemble dalmatians because of the high incidence of leukoderma. She mentioned with a shudder that the toxic waste of the chemical disaster still lay on the site of the abandoned factory, when in fact, a monument ought to have been built in memory of those who had lost their lives - at the cost of the American company. (Raghav Chandra, *Kali's Daughter*. 2019).

The Gas Tragedy in the passage above took place in:-

[Question ID = 2095]

1. Chernobyl

[Option ID = 8373]

2. Hiroshima

[Option ID = 8375]

3. Bhopal

[Option ID = 8376]

4. Nagasaki

[Option ID = 8377]

Correct Answer :-

- Bhopal

[Option ID = 8376]
