Given below are two statements :

Statement I: CO_2 is used to enhance the shelf life of dairy products owing to its ease of solubility and ability to reduce pH.

Statement II: CO_2 can be removed easily by mild heating and or vacuum treatment.

In the light of the above statements, choose the correct answer from the options given below :

- (1) Both Statement I and Statement II are true
(2) Both Statement I and Statement II are false
(3) Statement I is correct but Statement II is false
