## Section 9: Life on Campus

The campus at BIT Mesra is a microcosm of a world in itself. It is not just enough to say that students find here a home away from home, for campus life for a BIT-ian is definitely a lot more. It is actually an involved experience, the essence of which becomes the steering force for many BIT alumni in the years thereafter – in other words, it's simply great!

One can feel the transition palpably the moment the University grounds are entered. The proximity of two rivers makes the sprawling green campus even more beautiful and an idyllic option for youngsters to hang out in. It is almost surprising how the campus is always alive with activity long outside the 'toil and trouble' induced by a comprehensive academic curriculum.

BIT's academic programs are conceived with industry needs in mind and are constantly evolving with every advancement in respective fields. The campus is equipped with state-of-the-art central facilities including an extensive library that is a model in its kind. Apart from these each department is supported by lecture halls, research and training laboratories, workshops and other learning facilitators.

Being a fully residential campus, living and learning go hand-in-hand at BIT Mesra with a wide array of co-curricular activities, hobbies and interactive clubs and societies to choose from. The surest way to merge naturally with BIT's close-knit community is to participate in its proactive social forums and programs that cater to diverse interest groups. In addition to day-to-day events, BIT also holds annual fests on an extravagant scale that are very famous and popular with contemporary fest-hopping crowds.

### Students Clubs and Societies

Students Clubs and Societies constitute the core of BIT's campus experience and reflect the quality of excellence outside academic spheres. They serve as common forums to share and promote resources in diverse areas of interest.

Student activity hubs enhance learning by developing valuable personality traits and skills that aid their classroom training. While some bodies provide a strong platform to budding professionals for applying their classroom learning, others are vehicles for showcasing talent and connecting like-minded people. Students clubs and societies are also an excellent platform of interaction between existing students, eminent alumni and professionals in related areas of interest and of building networks while exploring career opportunities.

BIT students also represent world-renowned organizations like UNESCO, SPIC-MACAY and ROTARACT and are proactively involved in their activities.

### Hostel

All students are required to reside in one of the Institute Hostels, to which they are allotted, and must take food along with other inmates of the hostel in the common Mess. There are separate hostels for girl students.

### Medical

All selected students will be required to undergo medical examination by a Medical Officer of the Institute and their admission is subject to being found medically fit for the Program. Therefore, candidates, for their own satisfaction, are advised to get themselves examined by a registered medical practitioner.

The Institute at Mesra is located in a spacious green campus. There are small forests with a large number of trees – mostly sal trees which are native to Chotanagpur. These sal trees and a number of other trees and plants have their flowering season during mid-February to early April, and this sometimes leads to a large pollen content in the air. It has been noted that some people who are allergic or susceptible to pollen from these sal trees / other plants may develop some health problems / breathing problems or their existing problems may be aggravated during these weeks, as also during some other months of the year when other plants flower. Thus, such candidates who are known to be sensitive or susceptible to pollen from trees or other plants are required to get allergy tests done / take advice from their physicians / a specialist before taking admission at Birla Institute of Technology, Mesra, Ranchi.
