Read the following passage and answer questions:

There is a common thread running through the unravelling of India's statistical system. A modern economy with sound institutions is characterised by timely dissemination of credible data. A long term policy needs an empirical basis and issues of veracity of data will influence investment decisions. In a country with a large population of youth, data on national development, especially in core sectors like agriculture, industry, health, education and employment, will be critical. Here comes the role of National Statistical Commission, a body created to establish standards. Questioning the data veracity is a global phenomenon. The official narrative is always questioned by the people on the other side of the fence. Dissemination of economic data is essential to reach out to the public who lived their reality. Lack of data will adversely impact the quality of national policies. India must start strengthening institutions such as the central statistical commission. These institutions must be granted autonomy and insulated from external interferences. Enhanced operational autonomy will make their work credible. An indicator of operational autonomy is their ability to stick to a dissemination calendar regardless of what the data indicates.

निम्नलिखित गद्यांश को ध्यानपूर्वक पहिए और प्रश्न के उत्तर दीजिए।

भारत की सांख्यिकीय प्रणाली के रहस्योद्घाटन में एक सामान्य विचार अंतविर्षष्ट है। सुदृह संस्थाओं वाली आधुनिक अर्थव्यवस्था की विशेषता यह होती है कि उसमें विश्वसनीय आँकड़े समय पर जारी किये जाते हैं। एक दीर्घकालिक नीति के लिए इन्द्रियानुभविक आधार की आवश्यकता होती है और आँकड़ों की सत्यता के मुद्दे निवेश संबंधी निर्णयों को प्रभावित करेंगे। युवाओं की अधिक जनसंख्या वाले देश में राष्ट्रीय विकास संबंधी आँकड़े विशेषकर कृषि, उद्योग, स्वास्थ्य, शिक्षा और रोजगार जैसे मूल क्षेत्रों से संबंधित आँकड़े महत्वपूर्ण होंगे। यहाँ मानक निर्धारित करने के लिए गठित किए गए निकाय, राष्ट्रीय सांख्यिकी आयोग की भूमिका सामने आती है। आँकड़ों की सत्यता पर संदेह करना एक वैश्विक प्रक्रम है। आधिकारिक वक्तव्य पर प्रतिपक्ष के लोगों द्वारा हमेशा संदेह व्यक्त किया जाता है। जमीनी स्तर के लोग जिन्होंने यथार्थ को जीया है, उन तक आर्थिक आँकड़ों की पहुँच सुनिश्चित करने के लिए यह अनिवार्य है। आँकड़ों की कमी राष्ट्रीय नीतियों की गुणवत्ता को प्रतिकूल रूप से प्रभावित करेगी। भारत को केन्द्रीय सांख्यिकी आयोग जैसी संस्थाओं को सुदृह करना चाहिए। इन संस्थाओं को सवायत्ता प्रदान की जानी चाहिए और उन्हें बाह्य हस्तक्षेपों से बचाना चाहिए। अधिक प्रकार्यात्मक स्वायत्तता उनके कार्य को विश्वसनीय बनाएगी। प्रकार्यात्मक स्वायत्तता का एक परिसूचक उनकी यह योग्यता है कि वे पूर्वनिधरित समय पर आँकड़ों को जारी करें, चाहे आँकड़े जो भी दशरित हों।
