The sections are as follows:

- SSC/10th/Equivalent Details
- HSC/12th/Equivalent/Diploma Course Details
- Bachelor's Degree Details
- Master's Degree Details
- Other Professional Degree Details

If any Board/Institute/University awards only letter grades without providing an equivalent percentage of marks on the grade sheet, the candidate should obtain a certificate from the Board/Institute/University specifying the equivalent marks or the conversion procedure, and the conversion to percentage of marks would be based on this procedure as certified by the respective board/University/Institution. If any board /University/Institution confirms that there is no scheme for converting CGPA into equivalent marks, the equivalence would be established by dividing the

CAT 2023

candidate's CGPA by the maximum possible CGPA and multiplying the result with 100. The original equivalence certificate needs to be submitted at the time of interview, if shortlisted for the interview.

For computing percentages of marks obtained in SSC/10th/Equivalent examination and HSC/12th/Equivalent/Diploma examination, the total marks of all subjects that appear in the mark sheet/grade sheet would be considered irrespective of the Boards regulation. For graduates and postgraduates, the aggregate percentage of marks awarded by the Board/Institute/University will be treated as final. If the Institute/University does not award the aggregate percentage of marks, it will be calculated based on the marks obtained in all subjects listed in the mark sheet.

2.1. SSC/10th/Equivalent

For computing percentages of marks obtained in SSC/10th/Equivalent examination, the total marks of all subjects that appear in the mark sheet/grade sheet would be considered irrespective of the Board's regulation. In Aggregate Percentage, you can specify your converted CGPA/percentage of marks obtained marks up to 2 decimals.

2. For computing percentage of marks obtained in SSC/10th/Equivalent examination, the aggregate marks of all subjects including additional subjects that appear in the Mark Sheet/Grade Sheet would be considered irrespective of the Board's regulation.

Note : The Aggregate Percentage should be entered as an accurate value, rounded-off to 2 decimals.
