भारतीय प्रौद्योगिकी संस्थान खड़गपुर
Indian Institute of Technology
Kharagpur 

Dedicated to the service of the Nation

The Indian Institute of Technology Kharagpur (IIT Kharagpur) is a public engineering institution established by the government of India in 1951. It is the first of the IITs to be established, and is recognized as an Institute of National Importance by the Government of India.

Motto

The motto of IIT Kharagpur is "Yoga Karmashu Kaushalam". This literally translates to "Excellence in action is Yoga", essentially implying that doing your work well is (true) yoga. This can be traced to Sri Krishna's discourse with Arjuna in the Bhagavad Gita. The quote, in the larger context of the Gita, urges man to acquire equanimity because a mind of equanimity allows a man to shed distracting thoughts of the effects of his deeds and concentrate on the task before him. Equanimity is the source of perfection in Karmic endeavors that leads to Salvation.

Mission

The Institute aligns all its activities to serve national interest and seeks

- To provide broad-based education, helping students hone their professional skills and acquire the best-in-class capabilities in their respective disciplines
- To draw the best expertise in science, technology, management and law so as to equip students with the skills to visualize, synthesize and execute projects in these fields
- To imbibe a spirit of entrepreneurship and innovation in its students
- To undertake sponsored research and provide consultancy services in industrial education and socially relevant areas

Vision

Our Vision is

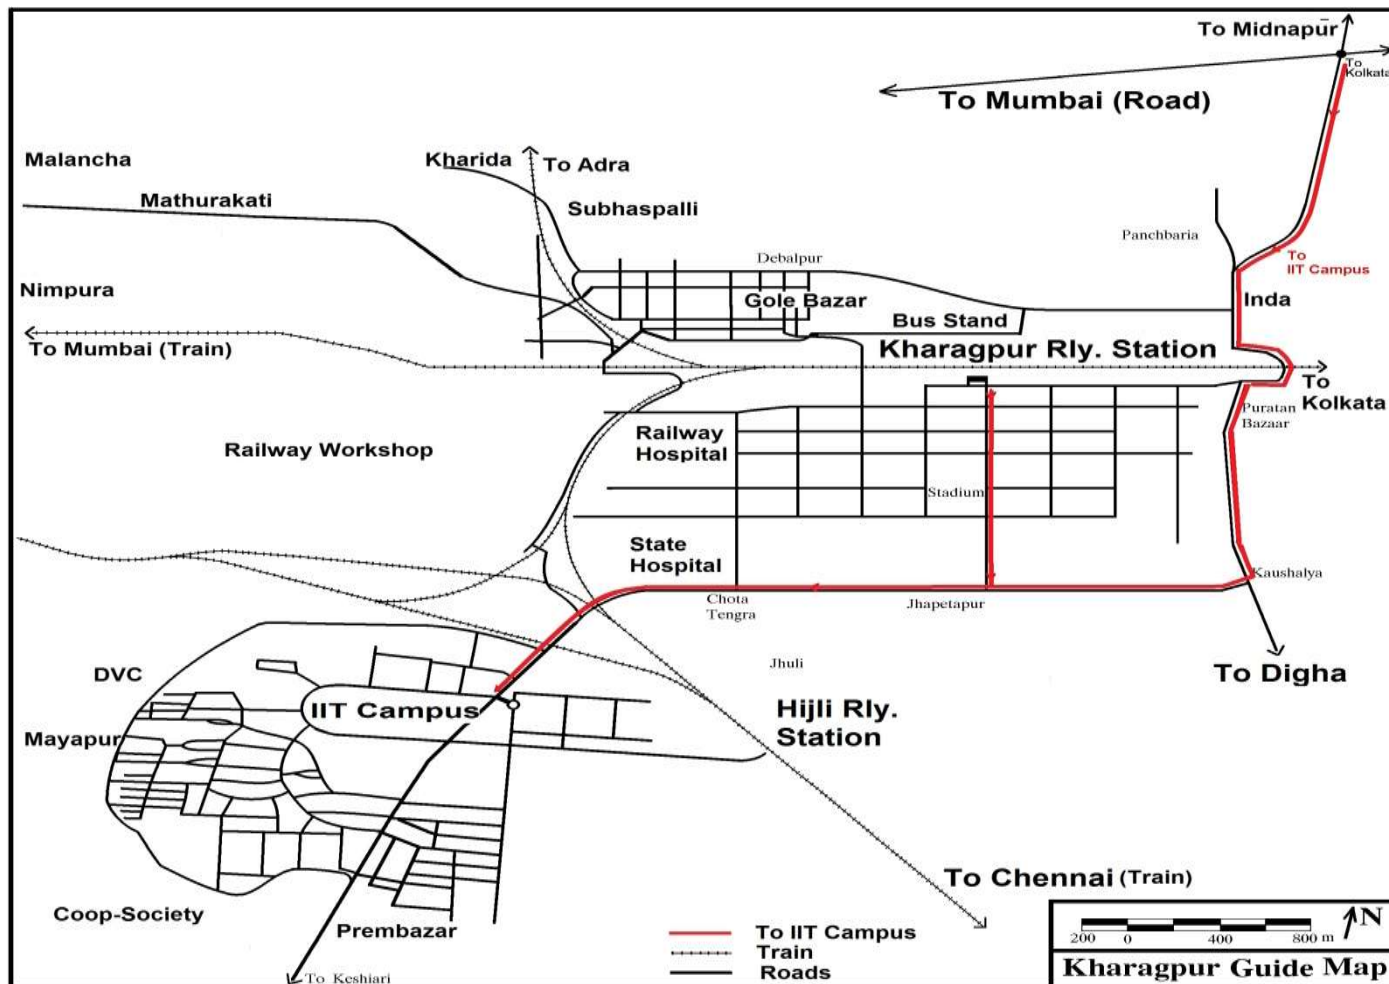

- To be a centre of excellence in education and research, producing global leaders in science, technology and management
- To be a hub of knowledge creation that prioritises the frontier areas of national and global importance
- To improve the life of every citizen of the country

Undergraduate and Postgraduate & doctoral education

IIT Kharagpur offers both undergraduate and postgraduate programmes. They include Bachelor of Technology (BTech. Counselling Centre

The holistic well being of our student community, encompassing both physical and mental health, is of the highest priority to the Institute. In pursuance of our commitment towards ensuring that, we have set up the Students' Counselling Centre, to provide any required assistance to students who may be experiencing emotional or psychological conditions that pose a hindrance to their regular activities on campus.

The Counselling Centre offers a broad range of services including psychological assessment, individual therapy, group therapy, and medication and management to promote mental health, life skills, emotional resilience and overall well being of the student community.

Full-time clinical psychologists and a visiting psychiatrist are available for consultation at the Centre. The Centre has also initiated an outreach programme to create a team of sensitized wing representatives from each Hall of Residence who can reach out to students in need.

The Centre addresses problems associated with stress, time management, motivational issues, relationship difficulties, impulse control issues, and learning difficulties. It also helps students experiencing significant depression, anxiety, mood swings, or other thought disorders.

Apart from individual sessions, the Centre plans to conduct group sessions to address life skills such as assertiveness, problem solving, anger management, self awareness, and interpersonal relationships.

The Counselling Centre also functions as a coordinating point for crisis intervention.

Change of the branch is a privilege and not a right. Only those students admitted to **B.Tech.(Hons.) / Dual Degree / Integrated M.Sc. Programs** through JEE(Advanced) are eligible to be considered for a change of branch after the Second (Spring) Semester. Students may enlist up to **TEN (10)** choices of branch, in order of preference, to which they wish to change over.

Change of branch shall be made strictly on the basis of *inter se* merit of the applicants. For this purpose the CGPA obtained at the end of the Second (Spring) Semester shall be considered. Ties will be broken by the JEE Advanced rank of the applicants.

- (a) In making the **change of branch**, those applicants shall be first considered who have secured a rank within **top 1%** (one percent), rounded to the nearest integer, amongst all the first year students in terms of the CGPA scored at the end of the Second (Spring) Semester. Change of branch requested for by such applicants shall be made **without any constraint on the number of seats**.
- (b) The remaining applicants may be allowed a change of branch, strictly in order of *inter se* merit, subject to the limitation that the actual number of students in the Third (Autumn) Semester, in the branch to which the transfer is to be made, does not exceed **110% of the sanctioned yearly intake** for that branch.

Such students must have completed all the prescribed course work for the first two Semesters in first attempt with a **minimum CGPA of 6.00**.

An option for Interdisciplinary Dual Degree Programs does not prevent a student to opt for Change of Branch. In such case Change of Branch allotted to a student would prevail over the option of Interdisciplinary Dual Degree Program.

11. B.Tech.(Hons.) to Dual Degree Switch Over

Third year B.Tech.(Hons.) students will have the option to switch over from 4-year B.Tech.(Hons.) to an existing 5-year Dual Degree course (**one-way and not the reverse**) in the same department, including a choice of specialization, offered at 2-year M.Tech. level in the Department maintaining proportionate distribution of seats.

The student must have completed all the curricular requirements upto sixth semester and must not have any backlog subjects with a **minimum CGPA of 6.00**.

12. Options for Dual Degree Specialization

Third year Dual Degree students of Agricultural and Food Engineering, Civil Engineering, Electrical Engineering, Electronics & Electrical Communication Engineering and Mechanical Engineering must exercise their choice of particular M.Tech. specialization.

13. Additional credits

From the THIRD semester onwards (including 2yr MSc Students, SENATE: 329.H.I.C.5) the curriculum offers scope for a student to opt for Additional subjects apart from the regular curriculum requirement.

14. Micro-Credits

Micro-Credit courses are one credit courses having duration of 3-14 days offered during the semester or during evening or free slots available during weekdays or even weekends that are not declared holidays in some special cases when students are available.

The subject will be counted for total credit requirement for completion of degree in special cases **subject to recommendation of the Head and approval of Dean (UGS) with due reasons recorded.**

The subject and grade will be mentioned in transcript / grade card and will be used to compute CGPA **for additional subjects and will be shown as ACGPA.**

15. Minor in a Discipline

A department would offer a **MINOR** in a discipline in which it offers a major.

The department would enlist a set of subjects from its curriculum and prescribe a requirement for minor taking six subjects or more (18-24 contact-hours plus 3-9 hours of laboratory) from this set. The subjects would be a combination of mostly core and some electives.

Only those students, who have a CGPA of 7.5 or above, without any Backlog, will be permitted to register for a Minor in the beginning of the 5th semester. An SGPA or CGPA in excess of 8.0 has to be maintained in the subsequent semesters without any Backlog in order to keep the Minor registration active. Should both the SGPA and CGPA fall below 8.0 at any point after registering for the minor; the Minor registration will cease to be active.

A student registered for Minor in a discipline must register and pass in all subjects that constitute the requirement for a minor and score a minimum grade point average of 6.00 to be awarded a Minor in that discipline.

A student may cover these six subjects as either a depth subject, elective subject or a breadth subject or as additional credits. However, he/she has to take at least three subjects as additional credits to earn a minor.

16. Micro – Specialization

The Institute offers Micro-Specializations to UG students from the Spring Semester of the current Academic Session (2014-2015). The salient features are as follows:

Each Micro-Specialization has a defined structure in terms of three sequential components:

- Component-I – One Foundation Course (2-4 credits) that constitutes a Mandatory Requirement and also a Pre-Requisite for subsequent Components.
- Component-II- One/Two subjects (3-4 credits each) from a Specified list of subjects.
- Component-III- Project/Design/Term Paper (4 credits) OR one subject (4 credits) from a Specified list.

A Student would be required to complete 3-4 subjects (10-14 credits) from the specified list in order to earn a Micro-Specialization.

The subjects can be taken through the Breadth/Open Elective component of the curriculum or as Additional Subjects. If specified in the Micro-Specialization curriculum, the subject can also be taken as Micro-Credit/s.

A student has to register for a Micro-Specialization. The Registration can be done in the beginning of any Semester beyond first year.

In order to register for a Micro-Specialization the student must have completed all curricular requirements upto the previous semester and have a CGPA ≥ 7.0 . Thereafter the student must maintain a CGPA or SGPA ≥ 7.5 without any Backlog in the subsequent semesters to keep the Micro-Specialization registration active.

GPA for the subjects contributing to the Micro-Specialization will be separately calculated. A minimum GPA of 6.00 is essential to earn the Micro-Specialization.
