Question Numbers : (1 to 20)

Question Label : Comprehension

Data Sufficiency దత్తాంశ పర్యాప్తత

Note: In the following 20 questions each question is followed by data in the form of two statements labeled as I and II. You must decide whether the data given in the statements are sufficient to answer the questions. Using the data make an appropriate choice from (1) to (4) as per the following guidelines:

- Mark choice (1) if the statement I alone is sufficient to answer the question.
- Mark choice (2) if the statement II alone is sufficient to answer the question.
- Mark choice (3) if both the statements I and II are sufficient to answer the question but neither statement alone is sufficient.
- Mark (4) if both the statements I and II together are not sufficient to answer the question and additional data is required.

సూచన: క్రింద ఇచ్చిన 20 ప్రశ్నలలో ప్రతి ప్రశ్నలోను ఒక ప్రశ్న , దాని కింద I, II అని గుర్తులు గల రెండు ప్రవచనాలు

దత్తాంశంగా ఇవ్వబడ్డాయి. ఇచ్చిన దత్తాంశం ఉపయోగించి , ఇచ్చిన ప్రవచనాలు ప్రశ్నకు సమాధానాన్ని ఇచ్చేందుకు

పర్యప్తాలు అవుతాయా లేదా అని మీరు నిర్ధారించాలి. ఈ నిర్ధారణకు క్రింది మార్గదర్శక సూత్రాలు ఉపయోగించి (1) నుండి

(4) వరకు సరి అయిన జవాబును ఎంపిక చెయ్యండి

- ప్రశ్నకు సమాధానం ఇచ్చేందుకు ప్రవచనం I మాత్రమే పర్యాప్తమయితే మీ జవాబు (1) గా గుర్తించండి .
- ప్రశ్నకు సమాధానం ఇచ్చేందుకు ప్రవచనం II మాత్రమే పర్యాప్తమయితే మీ జవాబు (2) గా గుర్తించండి.
- ప్రశ్నకు సమాధానం ఇచ్చేందుకు ప్రవచనాలు I, II కలిసి పర్యాప్తమయ్యి అందులో ఏ ఒక్కటి కూడా పర్యాప్తం కాకపోతే మీ జవాబు (3) గా గుర్తించండి.
- ప్రశ్నకు సమాధానం ఇచ్చేందుకు ప్రవచనాలు I, II కలిసి కూడా పర్యాప్తం కాక అదనపు దత్తాంశం అవసరం అయితే మీ జవాబు (4) గా గుర్తించండి.

## Coding and Decoding Problems

### కోడింగ్, డీకోడింగ్ సమస్యలు

#### Note

For the English Alphabets A,B,C....Z a code is designed by the following rules:

- (i) The vowels A, E, I, O, U are rotated cyclically as  $A \rightarrow E \rightarrow I \rightarrow O \rightarrow U \rightarrow A$ ;
- (ii) Each consonant is replaced by the consonant that comes immediately before it as  $B \rightarrow Z, C \rightarrow B, D \rightarrow C, F \rightarrow D, \dots$
- (iii) Based on this code answer the questions

#### సూచన

ఈ క్రింది నియమాలకు లోబడి ఇంగ్లీష్ అక్షరమాల A,B,C....Z లకు ఒక కోడ్ ను రూపకల్పన

చేసారు

- (i) అచ్చులు A,E,I,O,U లు చక్రీయంగా తర్వాతి అచ్చుకు పంపించారు. అంటే  
 $A \rightarrow E \rightarrow I \rightarrow O \rightarrow U \rightarrow A$
- (ii) ప్రతి హల్లును దానికి ముందున్న హల్లుకు పంపించారు అంటే  $B \rightarrow Z, C \rightarrow B, D \rightarrow C, F \rightarrow D, \dots$   
ఈ కోడ్ ను ఆధారంగా చేసుకని ఇచ్చిన ప్రశ్నలకు జవాబు ఇవ్వండి.

**Read the following passage and answer questions**

It is essential to build sustainability criteria into the supply chain of any green fuel project in order to ensure that there is no adverse effect on the surrounding environment and social structures. The report produced by the investors expresses concern that many companies may not be fully aware of the potential pitfalls in the biofuel sector. Production of corn and soya beans has increased dramatically in the last few years as an eco-friendly alternative to fossil fuels but environmental and human rights campaigners are worried that this will lead to destruction of rain forests. Food prices could also go up as there is increased competition for crops as both foodstuff and sources of fuel. The UN has warned that biofuels could have dangerous side effects and said that steps need to be taken to make sure that land converted to grow biofuels does not damage the environment or cause civil unrest. There is already great concern about palm oil, which is used in many foods in addition to being an important biofuel, as rain forests are being cleared in some countries and people driven from their homes to create palm oil plantations. An analyst and author of the investors' report says that biofuels are not a cure for climate change but they can play their part as long as governments and companies manage the social and environmental impacts thoroughly.

**Read the following passage and answer questions**

Ryokan, the Zen teacher, was requested by his sister-in-law to come to her house and talk to her son.

“He does not work, squanders his father’s money in wild parties and is neglecting the estate,” she complained. “If he does not reform, we will be ruined.”

Ryokan went to his brother’s house and met his nephew who was genuinely pleased to see him. The two of them had spent many happy hours together before Ryokan had turned to Zen and entered the monastery.

The young man knew why his uncle had come and braced himself for the scolding he was sure he would receive. But Ryokan said not a word in rebuke, the whole day.

The next morning when it was time for him to go, he put on his garments and then said to his nephew: “Will you help me tie the thongs of my sandals” My hands shake and I cannot do it.”

His nephew helped him willingly.

“Thank you,” said Ryokan. “A man becomes older and feebler day by day. You remember how strong and robust I used to be?”

“I do,” said his nephew, thoughtfully. “I do indeed remember how you used to be.”

It was the moment of truth for him. He suddenly realized that his mother and all those who had looked after him had become old and that it was now his turn to look after them and to take on the responsibilities of the household and the community.

He gave up his dissolute life forever.

### Read the following passage and answer questions

Way back in 1960s, when my generation was in the teens, long before any economist wrote about globalisation, Marshal McLuhan wrote a bestseller – *The Medium is the Message* – and coined the term global village. The book is full of quotable quotes about modern media, advertising, communication, politics, technology and so on.

It was a couple of decades after McLuhan’s book was published that the word ‘globalisation’ captured the imagination of most people as they began to travel more easily. Television, as McLuhan reminded us, had brought the world into our living room. “Everybody experiences far more than he understands. Yet it is experience, rather than understanding, that influences behaviour”, he wrote. Television had brought experience closer home, without the required understanding of that experience.
