**Question Number : 1 Question Id : 710870301 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Which one of the following crops is a commercial crop in Punjab and Haryana but is a subsistence crop in Orissa?

1. Tea
2. Cotton
3. Rubber
4. Rice

**Options :**

- 7108701201. 1
- 7108701202. 2
- 7108701203. 3
- 7108701204. 4

**Question Number : 2 Question Id : 710870302 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Which of the following are the two most important wheat-growing zones of the country?

- A. Ganga-Satluj plains in the north-west
- B. Deltaic regions
- C. Black soil region of the Deccan
- D. Plains of north-east

Choose the **correct** answer from the options below:

- 1. Only A and B
- 2. Only B and C
- 3. Only C and D
- 4. Only A and C

**Options :**

- 7108701205. 1
- 7108701206. 2
- 7108701207. 3
- 7108701208. 4

**Question Number : 3 Question Id : 710870303 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Indian agriculture is typically characterized as

- 1. Land surplus, labour scarce economy
- 2. Land surplus, labour surplus economy
- 3. Land scarce, labour surplus economy
- 4. Land scarce, labour scarce economy

**Options :**

- 7108701209. 1

7108701210. 2

7108701211. 3

7108701212. 4

**Question Number : 4 Question Id : 710870304 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Which one of the following countries is the main rival of India in tea export?

1. China
2. Japan
3. Germany
4. Sri Lanka

**Options :**

7108701213. 1

7108701214. 2

7108701215. 3

7108701216. 4

**Question Number : 5 Question Id : 710870305 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Given below are two statements

**Statement A:** MSP is declared by the government every year to provide incentives to the farmers for raising the production of crops.

**Statement B:** Buffer stock is created to distribute food grains in the deficit areas and among the poorer strata of the society at the lower price than the market price.

In light of the above statements, choose the **most appropriate** answer from the options given below

1. Both Statement A and Statement B are correct
2. Both Statement A and Statement B are incorrect
3. Statement A is correct but Statement B is incorrect
4. Statement A is incorrect but Statement B is correct

**Options :**

- 7108701217. 1
- 7108701218. 2
- 7108701219. 3
- 7108701220. 4

**Question Number : 6 Question Id : 710870306 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Which one of the following is a global association of nations of the world to help cooperation in international law, security, economic development and social equity?

1. United Nations Organization
2. International Monetary Fund
3. World Bank
4. World Health Organization

**Options :**

- 7108701221. 1
- 7108701222. 2
- 7108701223. 3
- 7108701224. 4

**Question Number : 7 Question Id : 710870307 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Under the Ganga Action Plan Phase II, pollution abatement works are being taken up in how many towns?

- 1. 57
- 2. 65
- 3. 52
- 4. 69

**Options :**

- 7108701225. 1
- 7108701226. 2
- 7108701227. 3
- 7108701228. 4

**Question Number : 8 Question Id : 710870308 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Which one of the following statements is **incorrect**?

- 1. The highest number of pigs in the world are found in India
- 2. Utter Pradesh provides largest amount of pork
- 3. Assam has the largest number of pork producing pigs
- 4. Pork constitutes about 7.6% of the total meat produced in India

**Options :**

7108701229. 1

7108701230. 2

7108701231. 3

7108701232. 4

**Question Number : 9 Question Id : 710870309 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Which type of N-fertilizer is suitable for water-logged soils?

1. Zinc Phosphate
2. Ammonium Sulphate
3. Calcium
4. Potassium Nitrate

**Options :**

7108701233. 1

7108701234. 2

7108701235. 3

7108701236. 4

**Question Number : 10 Question Id : 710870310 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

The famous Bailadila range of hills in the Bastar district of Chhattisgarh is famous for its

1. Bauxite deposits
2. Manganese deposits
3. Copper deposits
4. High-grade haematite deposits

**Options :**

7108701237. 1

7108701238. 2

7108701239. 3

7108701240. 4

**Question Number : 11 Question Id : 710870311 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

A farmer wishes to start a 100 sq. m rectangular vegetable garden. Since he has only 30m barbed wire, he fences three sides of the garden letting his house compound wall act as the fourth side fencing. What is the dimension of the garden?

1. 15 m x 6.67m
2. 20 m x 5 m
3. 30 m x 3.33 m
4. 40 m x 2.5 m

**Options :**

7108701241. 1

7108701242. 2

7108701243. 3

7108701244. 4

**Question Number : 12 Question Id : 710870312 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

In which one of the following industries, the consumption of natural rubber is the largest?

1. Auto tyres and tubes
2. Footwear
3. Dipped goods
4. Latex foam

**Options :**

7108701245. 1  
7108701246. 2  
7108701247. 3  
7108701248. 4

**Question Number : 13 Question Id : 710870313 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Which one of the following countries was the partner country of 34<sup>th</sup> Surajkund International Crafts Fair held in Haryana?

1. China
2. Nepal
3. Bhutan
4. Uzbekistan

**Options :**

7108701249. 1  
7108701250. 2  
7108701251. 3  
7108701252. 4

**Question Number : 14 Question Id : 710870314 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Nobel laureate Abhijit Vinayak Banerjee was conferred the honorary Doctor of Letters (D. Litt.) by which University?

1. University of Delhi
2. University of Kolkata
3. University of Mumbai
4. University of Hyderabad

**Options :**

- 7108701253. 1
- 7108701254. 2
- 7108701255. 3
- 7108701256. 4

**Question Number : 15 Question Id : 710870315 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Where is the headquarters of European Union?

- 1. Geneva, Switzerland
- 2. Washington D.C., USA
- 3. New York, US
- 4. Brussels, Belgium

**Options :**

- 7108701257. 1
- 7108701258. 2
- 7108701259. 3
- 7108701260. 4

**Question Number : 16 Question Id : 710870316 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Which of the following would be deficient if one finds high somatic cell count in the cow's milk?

- 1. Butterfat
- 2. Whey protein
- 3. Casein
- 4. Trace minerals

**Options :**

- 7108701261. 1
- 7108701262. 2
- 7108701263. 3
- 7108701264. 4

**Question Number : 17 Question Id : 710870317 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Who was the first administrator-statesman to attempt planning as a means for economic development?

- 1. C. Rajagopalachari
- 2. V. T. Krishnamachari
- 3. M. Viswesvarayya
- 4. Sir C. P. Ramaswami Aiyar

**Options :**

- 7108701265. 1
- 7108701266. 2
- 7108701267. 3
- 7108701268. 4

**Question Number : 18 Question Id : 710870318 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Amazon rainforest span over nine countries. In August 2019, in which country did a deadly fire broke out in the Amazon forest?

- 1. Brazil
- 2. Venezuela
- 3. Colombia
- 4. Argentina

**Options :**

- 7108701269. 1
- 7108701270. 2
- 7108701271. 3
- 7108701272. 4

**Question Number : 19 Question Id : 710870319 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Economic liberalization in India started with

- 1. Sustainable changes in industrial licensing policy
- 2. The convertibility of the Indian Rupee
- 3. Significant reduction of tax rates
- 4. Changes in procedural formalities for FDI

**Options :**

- 7108701273. 1
- 7108701274. 2
- 7108701275. 3
- 7108701276. 4

**Question Number : 20 Question Id : 710870320 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

The term 'Delimitation' which was in news recently is associated with which process?

- 1. Fixing the limit of Income tax
- 2. Fixing limits of Affordable housing
- 3. Fixing limits of Territorial constituencies
- 4. Fixing limits of Chairpersons salary

**Options :**

- 7108701277. 1

7108701278. 2  
7108701279. 3  
7108701280. 4

Match **List I** with **List II**

List I	List II
A: Pod corn	I: <i>Zea mays</i> var. <i>everta</i>
B: Pop corn	II: <i>Zea mays</i> var. <i>ceratina</i>
C: Wax corn	III: <i>Zea mays</i> var. <i>tunicata</i>
D: Flint corn	IV: <i>Zea mays</i> var. <i>indurata</i>

Choose the **correct** answer from the options given below :

1. A : IV, B : III, C : II, D : I
2. A : III, B : II, C : I, D : IV
3. A : III, B : I, C : II, D : IV
4. A : I, B : II, C : III, D : IV

**Options :**

- 7108701305. 1
- 7108701306. 2
- 7108701307. 3
- 7108701308. 4

**Question Number : 28 Question Id : 710870328 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Match **List I** with **List II**

<b>List I</b>	<b>List II</b>
(Species)	(Chromosome number)
A: <i>Linum usitatissimum</i>	I: $n = 18$
B: <i>Cicer arietinum</i>	II: $n = 7$
C: <i>Brassica nigra</i>	III: $n = 8$
D: <i>Lens esculenta</i>	IV: $n = 15$

Choose the **correct** answer from the option given below :

1. A : I, B : II, C : III, D : IV
2. A : II, B : III, C : I, D : IV
3. A : IV, B : III, C : I, D : II
4. A : III, B : I, C : IV, D : II

**Options :**

7108701309. 1  
7108701310. 2  
7108701311. 3  
7108701312. 4

**Question Number : 29 Question Id : 710870329 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Match **List I** with **List II**

List I	List II
(Crop)	(Isolation distance for certified seed production)
A: Hybrid rice	I: 400 m
B: Johnson Grass	II: 800 m
C: Sesame	III: 100 m
D: Carrot	IV: 50 m

Choose the **correct** answer from the options given below :

1. A : III, B : I, C : IV, D : II
2. A : III, B : I, C : II, D : IV
3. A : IV, B : II, C : III, D : I
4. A : I, B : II, C : III, D : IV

**Options :**

7108701313. 1  
7108701314. 2  
7108701315. 3  
7108701316. 4

**Correct Marks : 4 Wrong Marks : 1**

Requirements for Marker Assisted Backcross Breeding are

- A. High heritability
- B. Tightly linked marker with target gene
- C. Flanking markers
- D. Multi-location trial

Choose the **correct** answer from the options given below :

1. A, D and E only
2. B, C and D only
3. B, D and E only
4. A, B and C only

**Options :**

7108701329. 1  
7108701330. 2  
7108701331. 3  
7108701332. 4

**Correct Marks : 4 Wrong Marks : 1**

Chi-square test has the following applications

- A. Test of segregation
- B. Selection of genotype
- C. Detection of genotype
- D. Developing ANOVA table

Choose the **correct** answer from the options given below :

- 1. B, D and E only
- 2. A, C and E only
- 3. B, C and D only
- 4. A, C and D only

**Options :**

7108701333. 1  
7108701334. 2  
7108701335. 3  
7108701336. 4

**Question Number : 35 Question Id : 710870335 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Requirements for AFLP marker are

- A. Random primers
- B. Restriction enzymes
- C. Adaptors
- D. PCR
- E. Short sequence repeats

Choose the **correct** answer from the options given below :

- 1. B, C and D only
- 2. A, B and E only
- 3. B, D and E only
- 4. A, B and C only

**Options :**

- 7108701337. 1
- 7108701338. 2

For breeding high-quality chapati wheat in India we prefer

- A. Soft wheat
- B. Hard wheat
- C. *Triticum aestivum*
- D. *Triticum durum*
- E. *Triticum dicoccum*

Choose the **correct** answer from the options given below :

- 1. A and C only
- 2. B and D only
- 3. B and C only
- 4. A and E only

**Options :**

- 7108701341. 1
- 7108701342. 2
- 7108701343. 3
- 7108701344. 4

**Question Number : 37 Question Id : 710870337 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Evidence for DNA as genetic material was obtained in which of the following experiments?

- A. Avery, McLeod and McCarty experiment
- B. Griffith Experiment
- C. Conrat and Singer experiment
- D. Watson and Crick experiment
- E. Hershey and Chase experiment

Choose the **correct** answer from the options given below :

- 1. A and B only
- 2. A and E only
- 3. B and D only
- 4. C and D only

**Options :**

- 7108701345. 1
- 7108701346. 2
- 7108701347. 3
- 7108701348. 4

**Question Number : 38 Question Id : 710870338 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

A population consisted of the following genotypes in the given numbers

160-Heterozygotes

20-Homozygous recessive

320-Homozygous dominants

What would be the frequency of dominant allele?

1. 10%
2. 40%
3. 32%
4. 80%

**Options :**

7108701349. 1

7108701350. 2

7108701351. 3

7108701352. 4

**Question Number : 39 Question Id : 710870339 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

The non-random association of alleles at different loci in a given population is referred to as

1. Linkage disequilibrium
2. Linkage equilibrium
3. Mendelian population
4. QTL analysis

**Options :**

7108701353. 1

7108701354. 2

7108701355. 3

7108701356. 4

**Question Number : 40 Question Id : 710870340 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Non-Mendelian inheritance includes

1. Maternal effect only
2. Maternal effect and epigenetic inheritance only
3. Epigenetic and extranuclear inheritance only
4. Maternal effect, Epigenetic and extranuclear inheritance only

**Options :**

- 7108701357. 1
- 7108701358. 2
- 7108701359. 3
- 7108701360. 4

Given below are two statements, one is labelled as **Assertion A** and the other is labelled as **Reason R**

**Assertion A:** Heritability is the proportion of observed variability due to the additive effects of genes.

**Reason R:** Additive effect is the difference between the two homozygotes.

In light of the above statements, choose the **correct** answer from the options given below

1. Both **A** and **R** are true and **R** is the correct explanation of **A**.
2. Both **A** and **R** are true but **R** is **NOT** the correct explanation of **A**.
3. **A** is true but **R** is false.
4. **A** is false but **R** is true.

**Options :**

7108701537. 1

Helix–turn–helix motif describes an arrangement of two helices. As per this motif

- A. There is an arrangement of one alpha and one beta helix.
- B. There is an arrangement of two alpha-helices.
- C. Out of two helices, one fits into the major groove of DNA and other lies across it.
- D. Out of two helices, one fits into the major groove of DNA and other into the minor groove.
- E. Both helices bind to major grooves of DNA.

Choose the **correct** answer from the option given below

- 1. A and C only
- 2. B and C only
- 3. A and E only
- 4. B and D only

**Options :**

**Question Number : 105 Question Id : 710870405 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Match **List I** with **List II**

<b>List I</b>	<b>List II</b>
A: Penetrance	I: Degree to which genotype is expressed in the phenotype.
B: Sex-limited traits	II: Higher penetrance in one sex.
C: Sex-influenced traits	III: Zero penetrance in other sex.
D: Expressivity	IV: Percentage of individuals having a particular genotype that express the expected phenotype.

Choose the **correct** answer from the options given below:

1. A : I, B : III, C : II, D : IV
2. A : IV, B : III, C : II, D : I
3. A : I, B : II, C : III, D : IV
4. A : IV, B : I, C : II, D : III

**Options :**

7108701617. 1  
7108701618. 2  
7108701619. 3  
7108701620. 4

**Question Number : 106 Question Id : 710870406 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

What is the probability that in a family of five children, 3 will be male and 2 will be female and are born in that order?

1.  $1/32$
2.  $3/32$
3.  $5/32$
4.  $1/16$

**Options :**

- 7108701621. 1
- 7108701622. 2
- 7108701623. 3
- 7108701624. 4

**Question Number : 107 Question Id : 710870407 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Sanger sequencing involves the use of

1. 2',4'-ddNTPs
2. 2',3'-ddNTPs
3. 3',5'-ddNTPs
4. 3',4'-ddNTPs

**Options :**

- 7108701625. 1
- 7108701626. 2
- 7108701627. 3
- 7108701628. 4

**Question Number : 108 Question Id : 710870408 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

During cell cycle, histone protein synthesis occurs during

1. G1 phase
2. G2 phase
3. S phase
4. Prophase

**Options :**

7108701629. 1  
7108701630. 2  
7108701631. 3  
7108701632. 4

**Question Number : 109 Question Id : 710870409 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

The ability of a genotype to produce a relatively narrow range of phenotypes in different environments is referred to as

1. Standard error
2. Adaptability
3. Homeostasis
4. Heritability

**Options :**

7108701633. 1  
7108701634. 2  
7108701635. 3  
7108701636. 4

**Question Number : 110 Question Id : 710870410 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

A male sterile line is crossed with heterogenous male fertile plants. The progeny segregated as 1:1 male fertile and male-sterile plants. The type of male sterility is

1. Cytoplasmic male sterility
2. Cytoplasmic genetic male sterility
3. Genetic male sterility
4. Environment-sensitive Male sterility

**Options :**

7108701637. 1  
7108701638. 2  
7108701639. 3  
7108701640. 4

**Question Number : 111 Question Id : 710870411 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Which one of the following wild species of *Oryza* is a tetraploid?

1. *Oryza nivara*
2. *Oryza eichingeri*
3. *Oryza lectifolia*
4. *Oryza brachyantha*

**Options :**

7108701641. 1  
7108701642. 2  
7108701643. 3  
7108701644. 4

**Question Number : 112 Question Id : 710870412 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

After how many days of the fertilization, the lint in cotton would gain maturity?

1. 45 – 50 days
2. 100 – 105 days
3. 20 – 25 days
4. 75 – 80 days

**Options :**

7108701645. 1  
7108701646. 2  
7108701647. 3  
7108701648. 4

**Question Number : 113 Question Id : 710870413 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Which one of the following species of *Pennisetum* is a source of A<sub>4</sub> CMS?

1. *Pennisetum glaucum ssp. monodii*
2. *Pennisetum glaucum ssp. violaceum*
3. *Pennisetum squamulatum*
4. *Pennisetum pedicellatum*

**Options :**

7108701649. 1  
7108701650. 2  
7108701651. 3  
7108701652. 4

**Question Number : 114 Question Id : 710870414 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Name the hexaploid obligate apomictic species of *Pennisetum*.

1. *Pennisetum pedicellatum*
2. *Pennisetum polystachyon*
3. *Pennisetum squamulatum*
4. *Pennisetum schweinfurthii*

**Options :**

7108701653. 1  
7108701654. 2  
7108701655. 3  
7108701656. 4

**Question Number : 115 Question Id : 710870415 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

The seminal article "Search for new genes" was written by which one of the following Indian scientists?

1. M. S. Swaminathan
2. B. P. Paul
3. Harbhajan Singh
4. Gurdev Singh Khush

**Options :**

7108701657. 1  
7108701658. 2  
7108701659. 3  
7108701660. 4

**Question Number : 116 Question Id : 710870416 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

If the siRNA is a complete homologue of the target mRNA sequences, what is the net result of the translation process?

1. Double helix formation
2. Translation inhibition
3. Chromatin modification
4. mRNA degradation

**Options :**

- 7108701661. 1
- 7108701662. 2
- 7108701663. 3
- 7108701664. 4

**Question Number : 117 Question Id : 710870417 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

The two different restriction enzymes used in AFLP analysis to creat different sticky ends are

1. EcoR 1 and Hpa II
2. Hpa II and Mse I
3. EcoR 1 and Mse I
4. Bam H 1 and Mse I

**Options :**

- 7108701665. 1
- 7108701666. 2
- 7108701667. 3
- 7108701668. 4

**Question Number : 118 Question Id : 710870418 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical**

**Correct Marks : 4 Wrong Marks : 1**

Match **List I** with **List II**

<b>List I</b>	<b>List II</b>
(Terms)	(Significance)
A: Antigibberellin	I: Cycocel
B: Growth inhibitor	II: ABA
C: Germination inhibitor	III: Scopoletin
D: Cell division	IV: Cytokinins

Choose the **correct** answer from the options given below:

1. A : I, B : III, C : IV, D : II
2. A : I, B : II, C : III, D : IV
3. A : III, B : I, C : II, D : IV
4. A : II, B : III, C : I, D : IV

**Options :**

7108701669. 1  
7108701670. 2  
7108701671. 3  
7108701672. 4

**Question Number : 119 Question Id : 710870419 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Match **List I** with **List II**

<b>List I</b>	<b>List II</b>
(Flower type)	(Description)
A: Monoecious	I: Plants with only pistillate flowers
B: Gynoecious	II: Plant with both hermaphrodite and pistillate flowers
C: Andromonoecious	III: Plant with both staminate and pistillate flowers
D: Gynomonoecious	IV: Plant with both hermaphrodite and staminate flowers

Choose the **correct** answer from the options given below:

1. A : I, B : III, C : II, D : IV
2. A : II, B : IV, C : I, D : III
3. A : III, B : IV, C : II, D : I
4. A : III, B : I, C : IV, D : II

**Options :**

7108701673. 1  
7108701674. 2  
7108701675. 3  
7108701676. 4

**Question Number : 120 Question Id : 710870420 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 4 Wrong Marks : 1**

Which one of the following is **incorrect**?

1. Calliclone: Clones of callus
2. Mericlone: Clones of meristem
3. Protoclone: Clones of protoplast
4. Somaclone: Clones of nucleus.

**Options :**

7108701677. 1

7108701678. 2

7108701679. 3

7108701680. 4
